The Clerk stated that the organization of the Board would not take place until the annual meeting of the Board in November. He therefore suggested that a temporary Chairman be chosen to preside at this meeting and any other meetings that might be held previous to that time.

Mr. Keith of Sherman nominated H. L. Ames of Ellicott for temporary Chairman. There being no other nomination, Mr. Ames was elected by acclamation.

The Clerk stated the reason for calling the special meeting to be the consideration of Highway Plans and such other matters as might properly come before the Board at this time.

Mr. Olson, Chairman of the Committee of Highway Improvements, offered the following resolution, which was adopted.

RESOLUTION MODIFYING COUNTY SYSTEM OF HIGHWAYS: COUNTY OF CHAUTAUQUA.

Resolution adopted pursuant to Section 355 of the Highway Law on the 12 day of May, 1916 (a quorum being present and 29 Supervisors voting in favor of said resolution and no Supervisors voting against the same, modifying the designation of County Highways on the map of Chautauqua County, which was originally approved by the Legislature in Chapter 715 of the laws of 1907.

1. **Whereas,** the Board of Supervisors of any County is authorized by Section 355 of the Highway Law to modify the designation of County Highways on the map of such county, approved by Chapter 715 of the laws of 1907, provided the total mileage as originally designated on such map is not thereby materially increased, and

2. **Whereas,** it is deemed advisable to modify the map of this county by the elimination of a portion of the mileage now designated thereon, and by the substitution in place thereof of mileage not now designated, as hereinafter described; therefore be it

Resolved, that the following described mileage be eliminated from the County Map, namely:

All that part of State Route No. 4, commencing at the East Line of the Town of Ellicott, thence easterly and northeasterly to the center of the Village of Kennedy, a distance of about 5.1 miles.

Also, the Highway beginning at the Canadaway Creek Bridge, southeasterly, a distance of 1.6 miles, more or less, of which 1.3 miles is in the Village of Fredonia.

Also, all of Highway No. 1296, Brocton Village-Mill St., a distance of .76 mile, all within the Village of Brocton.

Also, all that part of the County System lying within the Village of Panama, a distance of about 1 mile; in the village of Westfield, a distance of about 1.5 miles; in the Village of Cherry Creek, a distance of 1.8 mile; and in the Village of Sinclairville, a distance of about 1.7 mile; as shown upon the official map approved by Chapter 715 of the laws of 1907.

The total mileage so designated for elimination being about 13.46 miles.

Be it further **Resolved** that there be added to the County Map of said County of Chautauqua the following described mileage.

All that part of the Silver Creek-Forestville Highway betwen the South End of the present highway, as shown on the map, and the North Corporation Line of the Village of Forestville, a distance of about 0.3 mile; and from the South Corporation Line of the Village of Forestville to the North End of the present County System, a distance of 0.2 mile.

Also, from the West Corporation Line of the Village of Lakewood to the East End of Petition No. 2350, a distance of about 0.6 mile.

Also, what is known as the Lake Road in the Towns of Dunkirk and Sheridan, extending from the East Corporation Line of the City of Dunkirk, thence northeasterly along what is known as the Lake Road, through the Towns of Dunkirk and Sheridan to the Northwest Corporation Line of the Village of Silver Creek, a distance of about 8 miles.

The total mileage so designated for addition to the County System being 9.1 miles.

And, be it further **Resolved,** that the balance of the mileage eliminated, amounting to 4.36 miles, be reserved for future designation by the Board of Supervisors of Chautauqua County.

Resolved, that the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

Adopted.

The roll was called, the following Supervisors voting in the affirmative: Messrs. Mathewson, Simmons, Bennett, Edson, Whallon, Edwards, McCray, Palmer, Cheney, Ames, White, Jones, Starr, Stebbins, Button, L. E., Lindstrom, Olson, Blystone, Kidder, Nuttall, Crandall, Button, E. By Mr. Olson of Jamestown:

FINAL RESOLUTION APPROVING PLANS FOR COUNTY HIGHWAY, INCLUDING VILLAGE WORK.

Petition Nos. V-204 and 3535. Highway No.....

Resolution approving plans, specifications and estimates of cost for the construction or improvement of a County Highway in the City of Jamestown, County of Chautauqua, passed by the Board of Supervisors of the County of Chautauqua on the 12th day of May, 1916, pursuant to section 128 of the Highway Law (Chapter 330, Laws of 1908) a quorum being present and 29 Supervisors voting in favor of such resolution and no Supervisors voting against same.

1. **Whereas,** at a meeting of this Board held on the 24th day of April, 1912, a resolution was adopted pursuant to section 123 of the Highway Law requesting the construction or improvement in accordance with the provisions of article six of said law of that portion of a highway described as follows:

Between the south bounds of the City of Jamestown and the South side of Newland Avenue in said city. Said road to be of brick, sixteen feet in width and to be built on Foote Avenue so as to connect the pavement at Foote Avenue and Newland Avenue with the state road ending at the city line of said city.

2. **Whereas** the State Commission of Highways has examined the highway above described and has determined that it is of sufficient public importance for construction or improvement in accordance with the provisions of article six of the Highway Law and has certified its approval of the said resolution; and

3. **Whereas,** said Commission has caused a section of said highway, which section is described as follows:

From the city pavement at Newland Avenue, southerly, southeasterly on Foote Avenue to the north end of County Highway No. 940, at the south corporation line, a length of 0.74 mile in the City of Jamestown, Chautauqua County, and known as the

JAMESTOWN CITY, FOOTE AVENUE COUNTY HIGHWAY,

to be surveyed and mapped, and has caused maps, plans, specifications and estimates of cost to be made for such construction or improvement and after examination thereof by the district or county superintendent has transmitted the same to this Board, showing the total estimated cost of the work to be $40,000.00, of which the State, County and City pay the following proportions:

The State pays 50%.....$9,650.00
The County of Chautauqua pays 35%..... 6,755.00

The City of Jamestown pays 15%..... 2,895.00
The City of Jamestown pays as extra work.....20,700.00

4. **Resolved,** That this Board request that the highway above described in paragraph one be constructed or improved as a County Highway in that portion thereof above described in paragraph three in accordance with the maps, plans, specifications and estimates of cost prepared therefor by the State Commission of Highways under the provisions of article six of the Highway Law; that said work be performed under the charge, care and superintendence of the State Commission of Highways, and that said maps, plans, specifications and estimates of cost prepared for said work, under the direction of said Commission as provided in section 125 of the Highway Law, are hereby duly approved and adopted by this Board.

5. In case the governing body of said City fails to approve said plans, specifications and estimates of cost, or fails to provide its share of the estimated cost, then and in that case the State Commission of Highways is hereby authorized to so modify said plan, specifications and estimates of cost, so as to eliminate said village work, and that portion of this resolution pertaining thereto, shall be null and void.

6. **Resolved,** That there is hereby appropriated and made immediately available the sum of Nine Thousand Six Hundred Fifty and 00-100 Dollars, being an amount sufficient to pay the share of the cost of the construction or improvement of such County Highway which is to be borne by the said County and City, as determined in accordance with the provisions of section 141 of the Highway Law. And the County Treasurer of said County is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said county is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said county and acting for and on behalf of the county.

7. **Resolved,** That the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The roll was called, the following Supervisors voting in the affirmative: Messrs. Ames, Bennett, Button, E. N., Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs Jones, Kidder, Keith, Lindstrom, Mathewson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White. By Mr. Olson, Chairman of the Highway Committee:

Resolved, that in the construction of the test mile of road in this county, authorized by the Board of Supervisors on December 17th, 1915, under the authority of Section 320A of the Highway Law, the Highway Committee and the County Superintendent of Highways shall certify to the County Treasurer the cost of such construction, and the County Treasurer is hereby authorized and empowered to pay the county's proportion of such cost of construction to an amount not to exceed 50 per cent of the total cost and in no case to exceed $6,000.00 per mile. And if necessary, the County Treasurer is hereby authorized and empowered to borrow, on the faith and credit of the County, and in anticipation of taxes to be assessed and levied in 1916, sufficient funds to meet the county's share of such construction.

Carried.

By Mr. Palmer of Dunkirk:

Resolved, Whereas the People of Western New York fully appreciating the need and the benefit of a Food Fish Hatchery for the purpose of propogating food fish, have demanded Legislation establishing such Hatchery, and

Whereas, the Legislature has passed an Act establishing a Fish Hatchery at Dunkirk, N. Y., which Act is now waiting the signature of the Governor for approval.

Now, Therefore, We, the Supervisors of Chautauqua County, in session assembled, do hereby earnestly urge Hon. Charles H. Whitman, the Governor of New York State to sign said Act, and that the Clerk be instructed to transmit a copy of this resolution to the Governor.

Carried.

Mr. McGinnies of Ripley moved that a Committee of five members of the Board be appointed to consider the matter of division of the county into two Assembly Districts, to report at a session of the Board to be held May 23rd.

Adopted.

The Chair appointed the following Committee for this purpose:

Messrs. Cheney, Bennett, Keith, Doty and Simmons.

Mr. Palmer of Dunkirk offered the following resolution:

Resolved, That under and pursuant to sections 320 and 320-A of the Highway Law of the State of New York, East Lake Road, so-called, running from the City Line of the City of Dunkirk, N. Y., easterly through the towns of Dunkirk and Sheridan to the westerly line of the Village of Silver Creek, be improved during the year 1916 as a Town and County Road, with slag or crushed stone construction. That the expense thereof be a Town and County charge. The County's share of the cost of such improvement shall be fifty per centum thereof, except that not more than One Thousand Two Hundred and Fifty Dollars per mile shall be paid by the County as its share of the expenses for said road. The balance of the expense of the construction of said road to be borne by the towns through which the same is constructed. The towns within whose boundary said road is constructed are to furnish the necessary equipment, including steam roller and other necessary tools, also the services of the Highway Superintendent or Manager. The County of Chautauqua shall furnish gratis whatever available prison labor can be used, together with one Overseer or Guard for same. That said highway be improved to at least a width of sixteen feet with proper gutters and drainage.

Mr. Keith moved as an amendment that the resolution be referred to the special Highway Committee for report May 23rd.

The matter was discussed by Messrs. Keith, White, Doty, Palmer, Edwards, Cheney, Nuttall and McGinnies.

The amendment was adopted and the original resolution as amended by Mr. Keith was then adopted.

The Clerk presented a communication from Dr. E. M. Scofield,

declining to accept the orders he had received from the Board as compensation for autopsies and other services rendered at the request of the coronor.

On motion of Mr. Keith, the communication was laid upon the table, the board to stand by the action of the Committee in auditing the account.

The Journal of Proceedings for the day's session was read and approved.

Mr. Whallon of Chautauqua moved that the Board do now adjourn until May 23rd, 1916, at 1 P. M.

Carried.

CHAUTAUQUA COUNTY
BOARD OF SUPERVISORS

ADJOURNED SPECIAL SESSION

MAYVILLE, N. Y., MAY 23, 1916.

The Board was called to order at 1 P. M., as per adjournment on May 12th, by the Chairman, Mr. Ames.

The Clerk, Mr. McGinnies, called the roll, the following members being present:

Messrs. Ames, Bennett, Button, E. N., Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lindstrom, Mathewson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White.

The Clerk, Mr. McGinnies, read the law providing for the apportionment of counties into Assembly Districts, and the Constitutional provision touching on the same matter.

Mr. Cheney, Chairman of the Special Committee on Apportionment of Assembly Districts, submitted the following report:

TO THE BOARD OF SUPERVISORS OF CHAUTAUQUA COUNTY

Gentlemen:—

Your Committee, duly authorized by resolution of the Board passed at a special meeting held on May 12th, 1916, to prepare plans for the division of the County into Assembly Districts, would respectfully report that the Committee met in Jamestown on Saturday, May 20th and, after considering the matter carefully, we have decided to present for your consideration three plans, showing different ways in which the County can be divided and comply with the requirements of the Constitution:

While the Committee offers these Plans without a recommendation, still it is our best judgment that Plan No. 1 is the most feasible proposition and will divide the County in the best and most satisfactory manner under present conditions.

All of which is respectfully submitted.

A. M. CHENEY, Chairman.
H. R. BENNETT,
FRED P. SIMMONS,
H. M. KEITH,
W. J. DOTY,
Committee.

The three Plans are as follows:

Mr. Button of Pomfret moved that the Board approve of Plan No. 1 in the report of the Committee.

Mr. Edwards of Cherry Creek moved, as an amendment to Mr. Button's motion, that Plan No. 3 be adopted by the Board as the plan of division.

Mr. Clement of Villenova spoke strongly against the transfer of that town from the First to the Second District.

Mr. Cheney stated that it was to be regretted that any town was to be changed from its present district, but such change must be made and he thought that Plan No. 1 would give the better satisfaction.

Mr. White of Ellington supported Mr. Edwards' amendment.

Mr. McGinnies of Ripley spoke in favor of Plan No. 1 as the most satisfactory. He thought that Arkwright naturally belonged in the Second District, while Harmony was naturally identified with the First District.

Mr. Pringle of Harmony spoke in favor of Plan No. 1 and against any proposition that would transfer Harmony from the First to the Second District.

Mr. Edwards said that the removal of any towns from the First District would give Jamestown a still greater influence in the District, therefore he favored the removal of two towns instead of three.

Mr. Olson of Jamestown said that Jamestown had very little voice in this matter on the Board, but would be satisfied with any action the Board might take.

The amendment offered by Mr. Edwards was lost.

The motion of Mr. Button was then adopted by roll call as follows:

Ayes, Messrs. Ames, Bennett, Button, E. N., Blystone, Cheney, Crandall, Doty, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lindstrom, Mathewson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon. Nays, Messrs. Clement, Edwards, White. Absent or not voting, None.

I, the undersigned, Clerk of the Board of Supervisors of Chautauqua County, do hereby certify that the Board of Supervisors of said County met in the Court House at Mayville, N. Y., pursuant to the statute, on Tuesday, May 23rd, 1916, and at that time and place divided the County of Chautauqua into two Assembly Districts.

I further certify that the First District in said County consists of the following:

Busti	2,299
Carroll	1,707
Charlotte	1,304
Cherry Creek	1,539
Ellery	1,788
Ellicott	4,862

Total	53,253

Given under my hand, and the official seal of the Board of Supervisors of Chautauqua County, this 25th day of May, 1916.

J. A. McGINNIES,
Clerk.

Mr. Nuttall called attention to the fact that the French Creek-Findley Lake Highway would cost $1,000 more than provided for in a former resolution of the Board and offered a resolution providing for the payment by the County of its share of this additional expense.

The resolution was as follows:

SUPPLMENTARY RESOLUTION REGARDING ROAD NO. 1027.

Whereas, On the 24th day of April, 1912 the Board of Supervisors of Chautauqua County adopted a resolution approving the maps, plans, specifications and estimate of cost for the improvement by State aid of the French-Creek-Findley Lake Road No. 1027 and appropriated the county's and town's share of the estimated cost thereof, and

Whereas, A communication has been received from the State Commission of Highways notifying this Board of Supervisors that an additional appropriation is necessary due to a general revision of grade and alignment, a change in the form of construction from 7 foot of brick to a 10 foot concrete pavement, with an 8 foot earth road, making the total estimated cost for the work $67,700, the total estimated cost of which will amount to One Thousand and no-100 Dollars ($1,000), of which the State, County and Town will pay the following proportions:

The State pays 65%.....$650
The County of Chautauqua pays 35%..... 350

Resolved, That the original maps, plans, specifications and estimate as revised to conform with the above described modification be and are hereby approved; and the resolutions heretofore adopted by this Board in regard to said road No. 1027 are hereby made applicable to said revised maps, plans, specifications and estimate of cost.

It is further **Resolved** that there is hereby appropriated and made immediately available the sum of Three Hundred Fifty and 00-100 ($350.00) Dollars, being the amount necessary to pay the share of the said additional cost which is to be borne by the County. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the County Treasury with which to pay such requisition or draft, the County Treasurer of said County is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said county and acting for and on behalf of said County.

It is further **Resolved,** That the clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The resolution was adopted by roll call as follows:

Ayes: Messrs. Bennett Button, E. N., Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lindstrom, Mathewson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White, Ames. Nays, None. Absent or not voting, None.

By Mr. Olson of Jamestown:

Whereas, the Supervisors of the Towns of Dunkirk and Sheridan have petitioned this Board for the improvement of what is known as the Lake Road, between the City of Dunkirk and the Village of Silver Creek, to be improved under Sections 320 and 320A of the Highway Law, and

Whereas the Special Highway Committee of this Board has duly examined said road and believes it to be of sufficient importance to be constructed and improved under the aforesaid Sections of the Highway Law, therefore be it

Resolved that the said Lake Road, from the East Corporation Line of the City of Dunkirk to the West Corporation Line of the Village of Silver Creek, be constructed and improved as a Town and County Highway, under the provisions of Section 320 and 320A of the Highway Law, under the supervision and direction of the County Superintendent of Highways and

the Special Highway Committee of this Board; that the County shall bear one-half of the expense of said construction or improvement, but not to exceed $1,250 per mile.

That the Chairman of the Special Highway Committee and the County Superintendent of Highways shall certify to the County Treasurer the County's share of the expense of said road and the County Treasurer is hereby authorized and directed to pay the County's proportion of such cost of construction to an amount not to exceed 50% of the total cost, and in no case to exceed $1,250 per mile. If necessary, the County Treasurer is hereby authorized and empowered to borrow on the faith and credit of the county and in anticipation of taxes to be levied in 1916, sufficient funds to meet the county's share of such construction.

The resolution was adopted by roll call as follows:

Ayes: Messrs. Ames, Bennett, Button, E. N., Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregoreske, Jones, Kidder, Keith, Lindstrom, Mathewson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White. Nays, None. Absent or not voting, None.

Mr. Bennett of Carroll moved that it is the sense of the Board of Supervisors that the Assessors of the different Towns of the County form an organization for the study and consideration of assessments, and that the Land Values Committee of this Board call the Assessors of the various Towns and Cities of the county together for this purpose.

Carried.

Mr. Palmer of Dunkirk moved that the Highway Committee be directed to report some method of bringing the wide-tired vehicles into use and report at next meeting.

Carried.

Mr. Button of Pomfret moved that the Board adjourn.

Carried.

CHAUTAUQUA COUNTY
BOARD OF SUPERVISORS

SPECIAL SESSION

COURT HOUSE, MAYVILLE, N. Y.
THURSDAY, JULY 13, 1916.

The Board was called to order by the Chairman, H. L. Ames, in pursuance of the call issued by the Clerk, J. A. McGinnies.

The Roll Call showed a quorum present.

The Clerk read communications and opinions from the Attorney General's Department regarding matter of compensation insurance for employees of the County and the various towns. Filed.

The Clerk also read a communication from the State Highway Department regarding distribution of fees for registration of motor vehicles. Filed.

By Mr. Olson of Jamestown:

Whereas, It has been necessary to rent or loan an Engineer's Transit and other necessary surveying equipment for establishing line and grades for County and Town Improved Roads.

Therefore, be it resolved that the sum of $200.00 be appropriated for the purpose of purchasing an engineer's equipment, the same to remain in the possession of the County Highway Superintendent for his use in the duties of his office.

Adopted.

Unanimous consent was granted to Superintendent of the Poor, Charles E. Dodge, to address the Board. Mr. Dodge then addressed the Board in regard to reports from the towns as to local relief of the poor, which he needed in order to complete his report immediately following meetings of Town Boards in September. He also asked as to the judgment of the Members of the Board as to placing lightning rods on the buildings of the County Farm.

Mr. Button of Pomfret moved that the matter of equipping the County Buildings with lightning rods be referred to the Committee on County Farm, with power to act.

Carried.

Mr. Payne of Stockton moved that the matter of compensation insurance for County Employees be referred to the Clerk of the Board, with power to act.

Carried.

By Mr. Doty of Sheridan:

Resolved, That the Special Committee on Tax Deeds be authorized to assign the County's interest in any property that has been bought by the county at tax sale, and the necessary period has not elapsed when a quit claim deed can be issued, such assignment to carry the written approval of the Supervisor of the Town in which the property is located.

Be it also **Resolved,** that whenever a property has been bought by the County at Tax Sale, if by reason of previous sales of the property or erroneous description or procedure it is not desirable to incur the expense incident to second advertising, that the County Treasurer is hereby authorized to withdraw from second advertising such items as shall be directed by the above named Committee.

Adopted.

By Mr. Doty of Sheridan:

Resolved, That on account of the irregularities in descriptions of tax sales that the following tax sales be cancelled upon payment by the owners and mortgagees of the amount of $300.00 and the balance be charged one-half to the town of Busti and one-half to the County of Chautauqua:

Numbers 73, 74, 75, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 97, 98, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 190, 192, 193, 191, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 268, 269, 270, 271, 272, 281, 282, 66, 67, 68, 69, 70, 71, 72, of 1915.

Number 35 of 1910, No. 89 of 1914, No. 69 of 1912, No. 5 of 1913, No. 12, 85 of 1914, No. 88 of 1914, except Lots 14 and 14½, No. 57 of 1914, except Lot 14; No. 76, 83, 86 of 1914; No. 79 of 1914, except Lot 11.

Adopted.

On motion of Mr. Keith of Sherman, the Board adjourned.

CHAUTAUQUA COUNTY
BOARD OF SUPERVISORS

SPECIAL SESSION

COURT HOUSE, MAYVILLE, N. Y.

MONDAY, AUGUST 21, 1916.

The Board was called to order at 1 P. M., as per call of the Clerk, J. A. McGinnies, the Chairman, H. L. Ames of Ellicott, presiding.

Roll Call as follows:

Members present: Messrs. Ames, Bennett, Button, Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregoreske, Jones, Kidder, Keith, Lawson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White.

The Clerk informed the Board that he had received plans, specifications and estimates for the improvement, as a State and County Highway, of the road from Boss Corners to Ellington Village and the road from Silver Creek to Forestville.

The Clerk explained that the law provided two methods of paying for such improvements.

Mr. White of Ellington moved that the improvement of these highways be by the plan heretofore adopted in this county, whereby the State pays 65% and the County 35% of the cost of construction.

Carried.

Mr. White of Ellington presented the following Preliminary and Final Resolutions for the construction of the Kennedy-Ellington Highway:

PRELIMINARY RESOLUTION:

County of Chautauqua. Petition No.....

First resolution requesting the construction or improvement of a County Highway in the Town of Poland, as provided in Article Six of the Highway Law (Chapter 330, Laws of 1908) passed by the Board of Supervisors of the County of Chautauqua, pursuant to section 123 of the Highway Law, on the 21st day of August, 1916, a quorum being present and 29 Supervisors voting in favor of such resolution and no Supervisors voting against the same.

1. **Whereas** public interest demands the construction or improvement of the highway hereinafter described, as a County Highway, therefore be it

2. **Resolved,** That this Board of Supervisors request that the following described highway be constructed or improved as a county highway as provided in Article Six of the Highway Law, to wit:

Beginning at State Highway No. 5151, east of the Hamlet of Kennedy, northwesterly to Petition No. 2344, having a total length of 0.7 mile, all in the Town of Poland.

3. **Resolved,** That the clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

FINAL RESOLUTION:

Petition Nos....., 2344 and 2331. Road No.....

Resolution approving plans, specifications and estimate of cost for the construction or improvement of a County Highway in the Towns of Poland and Ellington, County of Chautauqua, passed by the Board of Supervisors of the County of Chautauqua on the 21st day of August, 1916, pursuant to section 128 of the Highway Law (Chapter 330, Laws of 1908) a quorum being present and 29 Supervisors voting in favor of such resolution and no Supervisors voting against the same.

Whereas, at a meeting of this Board held on the 14th day of November, 1906, and on the 21st day of August, 1916, a resolution was adopted pursuant to section 123 of the Highway Law requesting the construction or improvement in accordance with the provisions of article six of said law of that portion of a highway described as follows:

Beginning at State Highway No. 5151, east of the Hamlet of Kennedy, northwesterly to Petition No. 2344.

From the Village of Kennedy to the town line of Ellington.

Beginning at the south town line of Ellington, thence northerly to the Hamlet of Ellington; thence easterly to the town line road in the Hamlet of Clear Creek.

2. **Whereas,** the State Commission of Highways has examined the highway above described and has determined that it is of sufficient importance for construction or improvement in accordance with the provisions of article six of the Highway Law and has certified its approval of the said resolution; and

3. **Whereas,** said Commission has caused a section of said highway, which section is described as follows.

From State Highway No. 5151, east of the Hamlet of Kennedy, northwesterly, northerly to the west end of County Highway No....., at the four corners in the Hamlet of Ellington, a length of 0.89 mile in the Town of Poland, 3.30 miles in the Town of Ellington, a total length of 4.19 miles, Chautauqua County, and known as the

KENNEDY-ELLINGTON COUNTY HIGHWAY,

to be surveyed and mapped, and has caused maps, plans, specifications and estimates of cost to be made for such construction or improvement and after examination thereof by the district or county superintendent has transmitted the same to this Board showing the total estimated cost of the work to be—$83,000.00, of which the State and County pay the following proportions:

The State pays 65%.....$53,950.00
The County of Chautauqua pays 35%..... 29,050.00

4. **Resolved,** That this Board request that the highway described in paragraph one be constructed or improved as a County Highway in that portion above described in paragraph three in accordance with the maps, plans, specifications and estimates of cost prepared therefor by the State Commission of Highways under the provisions of article six of the Highway Law; that said work be performed under the charge, care and superintendence of the State Commission of Highways, and that said maps, plans, specifications and estimates of cost prepared for said work, under the direction of said Commission as provided in section 125 of the Highway Law, are hereby duly approved and adopted by this Board.

5. **Resolved,** That there is hereby appropriated and made immediately available the sum of Twenty-nine Thousand Fifty and no-100 Dollars, being an amount sufficient to pay the share of the cost of the construction or improvement of such County Highway which is to be borne by the said County, as determined in accordance with the provisions of section 141 of the Highway Law. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said county is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of said county issued by him for, on behalf of and in the name of said county and acting for and on behalf of said County.

6. **Resolved,** That the clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The Roll was called, the following Supervisors voting in the affirmative:

Messrs. Ames, Bennett, Button, Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lawson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White. Nays, None. Absent or not voting, Mathewson.

Petition No. s. v. 187,....., 2309 and 3194. Highway No.....

Resolution approving plans, specifications and estimates of cost for the construction or improvement of a County Highway in the Town of Hanover, County of Chautauqua, passed by the Board of Supervisors of the County of Chautauqua on the 21st day of August, 1916, pursuant to section 128 of the Highway Law (Chapter 330, Laws of 1908) a quorum being present and 29 Supervisors voting in favor of such resolution and no Supervisors voting against the same.

1. **Whereas,** at a meeting of this Board held on the 14th day of November, 1906, the 14th day of March, 1912, and the 21st day of August, 1916, a resolution was adopted pursuant to section 123 of the Highway Law requesting the construction or improvement in accordance with the provisions of article six of said law of that portion of a highway described as follows:

Beginning at the brick pavement on Main Street in the Village of Silver Creek, easterly, southeasterly on Burgess Street to the south corporation line; also from the north corporation line of the Village of Forestville, southwesterly on Erie Street to the brick pavement at the Erie Railroad.

The main road leading from Forestville to Silver Creek.

Beginning at the north corporation line of the Village of Forestville at Erie St., and extending northerly to the south line of the Village of Silver Creek, at the intersection of the corporation line with Burgess and Division Streets.

2. **Whereas** the State Commission of Highways has examined the highway above described and has determined that it is of sufficient importance for construction or improvement in accordance with the provisions of article six of the Highway Law and has certified its approval of the said resolution; and

3. **Whereas,** said Commission has caused a section of said highway, which section is described as follows:

From the brick pavement on Main Street, in the Village of Silver Creek, easterly, southeasterly on Burgess Street to the south corporation line, southerly, southwesterly to the north corporation line of the Village of Forestville, southwesterly on Erie Street to the brick pavement at the Erie Railroad, a length of 4.94 miles in the Town of Hanover, of which 0.42 mile is in the Village of Silver Creek and 0.02 mile in the Village of Forestville, Chautauqua County, and known as the

SILVER CREEK-FORESTVILLE COUNTY HIGHWAY,

to be surveyed and mapped, and has caused maps, plans, specifications and estimates of cost to be made for such construction or improvement and after examination thereof by the district or county superintendent has transmitted the same to this Board, showing the total estimated cost

of the work to be $93,000.00 of which the State, County and Village pay the following proportions:

The State pays 65%.....$51,350.00
The County of Chautauqua pays 35%..... 27,650.00
The Village of Silver Creek pays as extra work..... 14,000.00

4. **Resolved,** That this Board request that the Highway above described in paragraph one be constructed or improved as a County Highway in that portion thereof above described in paragraph three in accordance with the maps, plans, specifications and estimates of cost prepared therefor by the State Commission of Highways under the provisions of article six of the Highway Law; that said work be performed under the charge, care and superintendence of the State Commission of Highways, and that said maps, plans, specifications and estimates of cost prepared for said work, under the direction of said Commission as provided for said work, under the direction of said Commission as provided in section 125 of the Highway Law, are hereby duly approved and adopted by this Board.

5. In case the governing body of said Village fails to approve said plans, specifications and estimate of cost, or fails to provide its share of the estimated cost, then and in that case the State Commission of Highways is hereby authorized to so modify said plans, specifications and estimate of cost, so as to eliminate said village work, and that portion of this resolution pertaining thereto, shall be null and void.

6. **Resolved,** That there is hereby appropriated and made immediately available the sum of Twenty-seven thousand six hundred fifty and no-100 Dollars, being an amount sufficient to pay the share of the cost of the construction or improvement of such County Highway which is to be borne by the said County, as determined in accordance with the provisions of section 141 of the Highway Law. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said County is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said county and acting for and on behalf of said county.

Resolved, That the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The Roll was called, the following Supervisors voting in the affirmative:

Messrs. Ames, Bennett, Button, Blystone, Cheney, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lawson, McCray, McGinnies, Nuttall, Olson, Palmer, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White. Nays, None. Absent or not voting, Mathewson.

By Mr. Olson of Jamestown:

Whereas, The question of building Town and County Roads has been brought to bear very forcibly upon the Highway Committee of Chautauqua County, and the necessity of the same seems to be a matter of the utmost importance to the County at large; but, owing to economical conditions it seems to be necessary for Town and County to construct their own roads,

and it thus becomes necessary to acquire road building equipment, therefore be it,

Resolved, That the Special Highway Committee, together with the Chairman and Clerk of the Board of Supervisors, be and is hereby authorized to purchase the following machinery, to wit: 1 Concrete Mixer, 1 Gravel Washing Machine complete, 1 Unloading machine, and such other minor equipment as may be necessary.

Adopted.

By Mr. Olson of Jamestown:

Whereas, The Fredonia-South Dayton Improved Highway, Part 3, having been advertised twice for construction, with no bids, seems to be the result of not increasing the estimate in proportion to other roads of similar construction, therefore be it

Resolved, That the Board of Supervisors of Chautauqua County petition the State Highway Department to increase the estimate to compare with other Chautauqua County Roads designated recently for construction of this type.

Adopted.

By Mr. Nuttall of Mina:

Resolved, That the Special Highway Committee is hereby empowered to enter into a contract with the Town of Mina and rent them Road Building Equipment to construct Contract No. 1027 at a rental of 25% of the cost of said equipment; the Town to be held responsible for the maintenance and proper care of same.

Adopted.

By Mr. Cheney of Ellery:

Whereas, the work of paving Chautauqua Street in the Village of Mayville is nearing completion, and

Whereas, the contractors are in condition on account of having machinery and materials on hand to do a small amount of similar work in addition to that covered by their contract with the State, therefore be it

Resolved, That the Committee on Public Buildings be authorized to contract with said road builders for the paving of the driveway in front of the County Jail, leading from Chautauqua Street in front of the Jail and thence to Erie Street adjoining the residence of the sheriff.

Adopted.

On motion of Mr. Pringle of Harmony, the Board adjourned.

CHAUTAUQUA COUNTY
BOARD OF SUPERVISORS

Plans and estimates for the improvement as a County Highway of the Gerry-Sinclairville Road, running from Pratt's Corners to the Village of Sinclairville, were submitted from the State Highway Department.

Upon motion of Mr. Starr of Gerry, the plans were approved, and the following resolution was adopted:

FINAL RESOLUTION:

Petition No. 2332. Road No.....

Resolution approving plans, specifications and estimates of cost for the construction or improvement of a County Highway in the Towns of Gerry and Ellicott, County of Chautauqua, passed by the Board of Supervisors of the County of Chautauqua on the 12th day of September, 1916, pursuant to section 128 of the Highway Law (Chapter 330, Laws of 1908) a quorum being present and 27 Supervisors voting in favor of such resolution and no Supervisors voting against the same.

1. **Whereas,** at a meeting of this Board held on the 14th day of November, 1906, a resolution was adopted pursuant to section 123 of the Highway Law requesting the construction or improvement in accordance with the provisions of article six of that portion of a highway described as follows:

Beginning at a point in the Town of Gerry, on the north line of Ellicott, on the M. B. Pratt farm, following the main road through the Village of Gerry to the Charlotte town line.

2. **Whereas,** the State Commission of Highways has examined the highway above described and has determined that it is of sufficient public importance for construction or improvement in accordance with the provi-

sions of article six of the Highway Law and has certified its approval of said resolution; and

3. **Whereas,** the State Commission of Highways has caused a section of said highway, which section is described as follows:

From County Highway No. 1026, at Pratt's corners, northeasterly, northerly, northeasterly, northwesterly through the Hamlet of Gerry, northerly to the south end of County Highway No....., at the south corporation line of the Village of Sinclairville, a length of 0.02 mile in the Town of Ellicott, 5.83 miles in the Town of Gerry, a total length of 5.85 miles, Chautauqua County and known as the

PRATT CORNER-SINCLAIRVILLE COUNTY HIGHWAY,

to be surveyed and mapped, and has caused maps, plans, specifications, and estimates of cost to be made for such construction or improvement, and after examination thereof by the district or county superintendent has transmitted the same to this Board showing the total estimated cost of the work to be $104,800.00 of which the State and County pay the following proportions:

The State pays 65%.....$68,120.00
The County pays 35%..... 36,680.00

4. **Resolved,** That this Board request that the highway above described in paragraph one be constructed or improved as a County Highway in that portion thereof above described in paragraph three in accordance with the maps, plans, specifications and estimates of cost prepared therefor by the State Commission of Highways under the provisions of article six of the Highway Law; that said work be performed under the charge, care and superintendence of the State Commission of Highways, and that the maps, plans, specifications and estimates of cost prepared for said work, under the direction of said Commission as provided in section 125 of the Highway Law, are hereby duly approved and adopted by this Board.

5. **Resolved,** That there is hereby appropriated and made immediately available the sum of Thirty-six thousand six hundred eighty and no-100 Dollars, being an amount sufficient to pay the share of the cost of the construction or improvement of such County Highway which is to be borne by the said county as determined in accordance with the provisions of section 141 of the Highway Law. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said county is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said County and acting for and on behalf of said county.

6. **Resolved,** That the clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The Roll was called, and those voting in the affirmative were: Messrs. Ames, Bennett, Button, Blystone, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lawson, Mathewson, McCray, McGinnies, Nuttall, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White.

Absent or not voting: Messrs. Cheney, Olson, Palmer.

The Clerk presented a report from the State Commission of Highways, revising the estimates of cost of constructing the South Dayton-Hamlet Road as a County Highway, on account of increase in price of labor and material. Mr. Clement offered the following resolution, which was adopted.

SUPPLEMENTARY RESOLUTION REGARDING ROAD. NO. 1381.

Whereas, On the 12th day of May, 1916, the Board of Supervisors of Chautauqua County adopted a resolution approving the maps, plans, specifications and estimates of cost for the improvement by State aid of Fredonia-South Dayton Road No. 1381, and appropriated the county's share of the estimated cost thereof, and

Whereas, A communication has been received from the State Comission of Highways notifying this Board of Supervisors that this increase is due to a revision of the estimate to provide for the present price of labor and the high cost of materials. the total estimated cost of which will amount to $4,100.00, of which the State and County will pay the following proportions:

The State pays 65%.....$2,665.00
The County of Chautauqua pays 35%..... 1,435.00

Resolved, That the original maps, plans, specifications and estimate of cost as revised to conform with the above described modification be and are hereby approved; and the resolutions heretofore adopted by this Board in regard to said road No. 1381 are hereby made applicable to said revised maps, plans, specifications and estimate of cost.

It is further **Resolved,** That there is hereby appropriated and made immediately available, the sum of One thousand four hundred and thirty-five dollars ($1,435.00), being the amount necessary to pay the share of the said additional cost which is to be borne by the State, County and Town. And the County Treasurer of said county is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay said share, upon the requisition or draft of the State Commission of Highways; and if there are not sufficient funds in the county treasury with which to pay such requisition or draft, the County Treasurer of said county is hereby authorized and empowered as provided by section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said county issued by him for, on behalf of and in the name of the said county and acting for and on behalf of said county.

It is furthered **Resolved,** That the clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

The Roll was called, and those voting in the affirmative were: Messrs. Ames, Bennett, Button, Blystone, Clement, Crandall, Doty, Edwards, Edson, Gibbs, Gregorski, Jones, Kidder, Keith, Lawson, Mathewson, McCray, McGinnies, Nuttall, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White.

Absent or not voting: Messrs. Cheney, Olson, Palmer.

A communication was received from Matthew Bender & Co., as to the issuance of a new Town and County Manual, with suggestions that these books be ordered now for the various Supervisors of the County. The communication was received and filed.

Mr. Edwards of Cherry Creek moved that the clerk be authorized to purchase six copies of the Manual.

Mr. White of Ellington moved as an amendment that copies of the Manual be purchased for all members of the Board.

The amendment and the original motion were both defeated.

The Clerk presented the following communication from the State Commission of Prisons, enclosing report of the inspection of the Chautauqua County Jail on July 29, 1916. On motion the communication and report were ordered filed and printed in the Journal of Proceedings:

STATE COMMISSION OF PRISONS.

Albany, N. Y., Sept. 7, 1916.

To the Board of Supervisors,
Chautauqua County,
Mayville, N. Y.

Gentlemen:—

Enclosed find report of inspection of the Chautauqua County Jail, which was approved by the State Commission of Prisons at its last meeting.

Very truly yours,

JOHN F. TREMAIN,
Secretary.

REPORT

CHAUTAUQUA COUNTY JAIL

Mayville.

Inspected July 29, 1916. W. H. Marvin, Sheriff; G. W. Colgrove, undersheriff and turnkey. There is also a matron.

The number of inmates on the day of inspection was 15; of these, 14 were adult males and one male minor. The highest number at any one time during the past year was 55; the lowest 9; the average for the nine months ending July 1st was 43.

The Jail has four departments of eight cells each, a room with two cells, a dormitory with ten beds, a dormitory with four beds, two detention rooms, and a large hospital room. Each room and department has a stationery wash basin, a toilet and a tub bath. Each cell has a toilet.

The jail was clean throughout, showing excellent care. With the additions recently made by adding the former residence of the sheriff to the jail, the sheriff is able to fully classify the prisoners as the law requires.

The office of the sheriff is salaried and the prisoners are fed at the expense of the county.

The employment consists of the care of the jail, including repainting the interior, the care of the large county lawns and the cultivation of the jail garden.

Respectfully submitted,

GEO. McLAUGHLIN,
Chief Inspector.

Upon motion of Mr. White of Ellington, the Board adjourned.

By Mr. McCray of Clymer:

Resolved, That the sum of $725 be assessed, levied and collected against the taxable property within the lighting district of the Town of Clymer, and that an order for that amount be drawn in favor of the Supervisor of the Town.

Carried.

By Mr. Keith of Sherman:

Whereas, the Board of Supervisors of any county is authorized by Section 355 of the Highway Law to modify the designation of County Highways, on the map of such County, approved by Chapter 715 of the Laws of 1907, provided the total mileage as originally designated on such map is not materially increased, and

Whereas, It is deemed advisable to modify the map of this County by the elimination of a portion of the mileage now designated thereon, and

by the substitution in place thereof, of mileage not now designated, as hereinafter described; therefore be it

Resolved, That the Highway beginning at the West Line of the Town of Sherman, near the Buss schoolhouse, thence northeasterly to the west corporation line of the village of Sherman, a distance of about three miles, be eliminated. Be it further

Resolved, That the highway beginning at a point on Main Street in the Village of Sherman, and running thence south over what is known as the Presbyterian Hill road, to the intersection of the County System at Panama Station in the town of Clymer, a distance of about seven miles, be added to the County System.

Resolved, That the difference between the mileage eliminated and that substituted be provided for out of the mileage reserved for future designation by resolution of this Board, adopted May 12, 1916.

Adopted.

Mr. Edwards of Cherry Creek submitted the following report as to the indebtedness of the Town of Cherry Creek:

Cherry Creek, N. Y., Nov. 1, 1916.

To the Board of Supervisors of Chautauqua County:

Gentlemen:

The undersigned, the Supervisor of the Town of Cherry Creek, Chautauqua County, pursuant to Section 190 and 191 of the Town Law, hereby reports the amount of public indebtedness of this Town as follows:

Total bonded indebtedness of the Town Jan. 1, 1916	$24,000
That there has been paid principal on said bonds since Jan. 1, 1916	2,000
That there will become due on May 1, 1917, principal on said bonds to the amount of	2,000
That the amount of interest on said bonds paid by me since Jan. 1, 1916, is	920
That the amount of interest to become due on said bonds May 1, 1917, is	440
That the amount of interest to become due on said bonds Nov. 1, 1917, is	400
Total for the year 1917	$ 840
That the amount of the principal of said bonds at the date of this report is	$22,000

That the bonds above referred to all bear the date of May 1, 1897, and were issued in accordance with the provisions of and in pursuance of and in full conformity with Section 7 of the General Municipal Law, and the acts amendatory and supplementary. The issue of bonds was for the sum of $50,000, and for the purpose of paying bonds of said town originally issued in and for the railroad running from Buffalo to Jamestown, said bonds bear interest at the rate of 4%, payable on the first day of May and November of each year, at the First National Bank of Jamestown, N. Y., principal payable $2,000 May 1 of each year at the same bank.

The amount now to be provided for is $1,500 part principal.

Resolved, That the sum of $1,500 be assessed against the Town of Cherry Creek to pay part principal of bonds due May 1, 1917, and that an order be drawn in favor of the Supervisor of said town for that amount.

Respectfully submitted,
C. L. EDWARDS, Supervisor.

The report was received and filed and the resolution attached thereto was approved.

By Mr. Palmer of Dunkirk:

Resolved, That the chair appoint a committee of five members to investigate the services performed by each and every County Officer and employee, whose salary is or may be fixed by the Board of Supervisors, and report to this Board, at the adjourned session, the work performed by such officer or employee, both the amount, nature of work, time employed therein, and skill required, together with the salary or wages now received, and that said Committee classify the said officers and employees according to the nature of the work, skill required and time employed, and recommend to this Board the salary or wages each should receive, so that officers or employees doing the same or similar work in the several departments of the County Service may be equitably treated, so that this Board may be appraised of the compensation paid each person in the County service.

Adopted.

By Mr. Pettit of Portland:

Compensation to be $3.00 for each service, bills for the same to be audited in the same manner as other jail charges.

Adopted.

By Mr. Doty of Sheridan:

Resolved, That the Committee on Printers' Accounts be instructed to give notice that they will receive proposals for printing, publishing and delivering complete, by the first of March, 1916, 4,000 copies of The Journal of Proceedings of this Board. Said Journal shall be printed upon No. 1 Superior Calendared White Book paper, weighing 50 pounds per ream. The size of type and the general arrangement of this book shall be left to the judgment of the Committee. Portraits of former Supervisors, whose deaths have occurred during the past year, shall be inserted in the Journal, and the book shall be free from errors in proof reading.

The Clerk shall furnish the complete copy of the proceedings on or before the first day of January, 1917, and the award will be made upon the express condition that the party contracting to do the work shall forfeit to the County the sum of $10.00 for each and every day that shall elapse after the first day of March, 1917, and the date of completion of the said work, which shall be deducted from the contract price thereof. Such books when completed shall be examined by said Committee, and shall be paid for upon approval of the same as a good, workmanlike job of printing and binding, and upon notice of such approval, the Clerk of the Board shall draw an order for the amount of the bill audited by the Committee on Printers' Accounts.

Such Committee shall contract with the lowest responsible bidder for the publication of the same, upon the foregoing conditions. Such Journal shall be distributed, after the County Officers have been furnished their usual quota, to the several Supervisors. 75 to each Supervisor, and the remainder on the basis of the vote of each Town in the Presidential election of 1916.

Adopted.

Mr. Doty, Chairman of the Special Committee on Land Values submitted the following report, which was received and referred to the Committee on Equalization.

The Committee has visited each town and city for the purpose of making the investigation of values and assessments, required by statute; new values have not been taken by the committee, except in cases where requested to do so; the basis or percentage of value as fixed by this Board for the past two years having been used.

The assessment rolls of the years 1915 and 1916 have been compared by the committee for the purpose of determining if the increases or decreases, made by the towns or cities, as shown by the tables compiled by the Clerk of this Board, were the result of new property or improvements being added to the rolls, or were produced by a change in the percentage made by the local boards.

Where the change has been less than 3%, your committee has found it to be caused in nearly every instance by such additions to the rolls or the

adjustments of inequal assessments, and not by any proportional change in assessments; credit for increases has not been allowed, unless it is apparent that there has been an attempt upon the part of the local boards to make a perceptible increase.

This is the fifth year that the present system of arriving at values has been in effect, but as stated above, excepting for slight adjustments in certain cases, no attempt has been made to materially change the basis of percentage as fixed during the years 1912 and 1913; towns or cities in the meantime that have made material increases, have been given credit for the same.

In view of the fact that changing conditions in various parts of the county have had an effect upon values, your committee would recommend that values be more fully investigated during the coming season, in order to correct any inequalities that may have developed since the present basis was adopted.

We are pleased to report that each year finds several towns making a nearer approach to assessing at full value, as required by law, and which we have good reason to expect will uniformly prevail throughout the county in the near future.

As directed by this board, your committee called a meeting of the assessors of the county during the past summer, for the purpose of forming a county organization, which by concerted action would secure more uniform assessments throughout the county; nearly one-half of the Assessors present, went upon record in favor of assessing at 100%, based upon the percentage as fixed by this board; several towns or cities had made their assessments before the meeting, otherwise it was thought that the proposition would have carried.

The next meeting of the county organization will be held during the coming winter, when very favorable results are expected to be gained, as the meeting will be held prior to the time of making up the rolls for 1917.

We appreciate the fact that the manner by which the equalization figures are arrived at, is not generally understood, and that some Supervisors may be unjustly criticized because certain towns or cities may have been given an increase upon the equalization table, on account of their assessing boards not having kept pace with the general increase made throughout the county during the past few years; a careful analysis of the tax tables, however, will show that the percentage of the state and county tax that each locality has been called upon to pay has not materially changed, regardless of the fact that each town or city in question may have been largely increased or decreased upon the equalization tables.

All of which is respectfully submitted.

W. J. DOTY,
A. M. CHENEY,
M. P. WHALLON,
Special Committee on Land Values.

The percentage of assessments of the several towns and cities are annexed hereto, and a part of this report.

The hour of 12 o'clock having arrived, the Board took a recess until 2 P. M.

WEDNESDAY AFTERNOON.

The Board in session at 2 P. M., the Chairman presiding.

The Clerk stated that a certificate had been filed with him, signed by a majority of the Republican members of the Board, designating the Grape Belt of Dunkirk to publish the Session Laws, Concurrent Resolutions, Tax Sales and Notices of Redemption for 1917, and that another certificate signed by a majority of the Democratic members of the Board had been filed with him designating the Jamestown Evening News to publish these notices.

Mr. Olson, Chairman of the Committee on Highway Improvement, submitted a report from that Committee which was considered and approved.

Mr. McGinnies moved that the Board adjourn until Thursday morning at 9 o'clock.

THURSDAY MORNING.

COURT HOUSE, MAYVILLE, N. Y.

THURSDAY, NOV. 16, 1916.

The Board was called to order by the Chairman Pro Tem, Dr. McCray, as per adjournment of Wednesday afternoon.

On motion of Mr. Keith of Sherman, the Board adjourned until Friday morning at 10 o'clock in order to visit and inspect the County House and Farm at Dewittville.

FRIDAY MORNING.

COURT HOUSE, MAYVILLE, N. Y.

FRIDAY, NOV. 17, 1916.

The Board was called to order at 10 A. M., by the Chairman, Mr. Cheney.

Roll Call; quorum present.

The Journal of Proceedings for Wednesday and Thursday was read and approved.

Mr. Olson of Jamestown moved that claims against the county by the Ontario Roads Company for $1,408.54, and by the Sullivan-McGeegan Company for $4.17 be audited by the Board and that orders be drawn in favor of the respective companies for these amounts.

Carried.

The Clerk submitted the annual report of A. W. Ford, County Sealer of Weights and Measures, which was received, filed and ordered printed.

Mr. McGinnies moved that the Clerk be authorized to renew Fire Insurance Policies on County Property as they expire, and present bills in payment of premiums to the Board for audit, at the December session.

Carried.

Mr. Button of Pomfret moved that the Board of Election Commissioners be and they are hereby authorized to print 1,500 copies of the list of enrolled voters of the county in pamphlet form.

Carried.

Mr. Button of Pomfret moved that the Committee on County House and Farm be authorized to expend a sum not exceeding $500 for the establishment of green houses at the county farm at Dewittville.

Carried.

Mr. Duffey, State Superintendent of Highways, was introduced by the Chairman, who spoke at length regarding the pro-

gress of highway work in this State, with particular reference to State Route No. 18 through Chautauqua County. He said that state money was not available for the building of this road, and suggested that the Chautauqua County system of improved roads be so changed as to add this part of State Route No. 18 to the county map, and cutting an equal amount of mileage from the map in other parts of the county. He also suggested that the villages along this route assume the responsibility for the construction of the improved highway through said villages. In this way, he said, the road improvement could proceed at once to a speedy conclusion. He said he felt convinced that when money was appropriated by the federal government for road work in the various states, Chautauqua County would receive sufficient aid from this fund to make up for the money expended on this highway, and would pledge his influence to that end.

The matter was discussed by Mr. Olson, Chairman of the Highway Committee, Mr. Button of Pomfret, and Mr. McGinnies, Assemblyman from the Second Chautauqua District. Mr. Button was opposed to the suggestion that the villages be called upon to pay the cost of construction through their corporate limits, because this highway was peculiarly a state and national route. It was more of a general than a local thoroughfare and should therefore be built and maintained at state and national expense.

Mr. McGinnies felt that it would be unfair to cut other roads from the county system for the purpose adding the mileage to this State Route, and thus diverting money that was intended for other improved highways to this purpose. He thought if the county was called upon to assist in the construction of this state route it could more fairly be done by a general bond issue for that purpose, constructing the road as a county highway and then turning it over to the State Department for maintenance.

Superintendent Duffey endorsed this idea. No formal action was taken in regard to the matter.

The Board took a recess until 2 P. M.

FRIDAY AFTERNOON.

The Board in session at 2 P. M., the Chairman presiding.

At 2:30 the special order for that hour—the report of the Chautauqua Farm Bureau, was taken from the table.

Mr. Pettit of Portland asked unanimous consent for Hawley B. Rogers, manager of the Farm Bureau, to address the Board.

Such consent being granted, Mr. Rogers made a report as to the work of the Board for the past year and what was intended for the ensuing year.

Fred C. Butler, Secretary of the Jamestown Chamber of Commerce, spoke of the work of the Farm Bureau and what it was doing for the rural districts of Chautauqua County, and endorsed the proposition that had been made for an increased appropriation for the work of the Bureau for the ensuing year.

Mr. Pettit of Portland moved that $2,500 be appropriated for the work of the Bureau for the ensuing year. The roll was called upon Mr. Pettit's motion, and it was carried, the vote being as follows:

Ayes: Ames, Bennett, Button, Blystone, Crandall, Doty, Edson, Gibbs, Gregorski, Jones, Kidder, Lawson, McGinnies, Nuttall, Payne, Pettit, Pringle, Starr, Simmons, Whallon, White—21.

Nays: Clement, Edwards, Keith, McCray, Olson, Stebbins—6.

Absent or not voting: Cheney, Mathewson, Palmer—3.

By Mr. Nuttall of Mina:

Resolved, That the sum of $325 be levied, assessed and collected upon the taxable property in the fire district in the Village of Findley Lake, Town of Mina, this amount being required to pay bonded indebtedness, and that an order be drawn for the amount in favor of the Supervisor of that Town.

Carried.

Mr. Olson, Chairman of the Committee on Highway Improvements, submitted a report from that Committee, which was considered and approved.

Mr. Olson, Chairman of the Special Highway Committee, submitted the following reports from that committee, which was considered and approved.

To the Honorable Board of Supervisors of Chautauqua County.

Gentlemen:—Your Special Highway Committee, appointed for the purpose of formulating a system of improved roads in Chautauqua County to be constructed pursuant to Sections 320 and 320-A of the Highway Law, has made a thorough inspection of such roads that would give the towns and county at large the most possible benefit for the least mileage and would make a connected and comprehensive system.

The estimated mileage of this proposed system is about 175 miles and is very uniformly distributed in the several towns as is shown on the accompanying map.

The question of cost of construction between County and Town is one of vital importance and has been under very careful consideration by your committee.

The most feasible solution of this problem would be based upon the amount of State aid that each town receives for highway improvement and we submit the following proposition:

Towns receiving 90% State aid to receive 75% County aid;
Towns receiving 80% State aid to receive 70% County aid;
Towns receiving 70% State aid to receive 65% County aid;
Towns receiving 60% State aid to receive 60% County aid;
Towns receiving 50% State aid to receive 55% County aid;

The towns of Sheridan and Dunkirk which receive 1-10 of one per cent. for their assessed valuation would be on a basis of 50% between Town and County.

All of which is respectfully submitted.

FRANK O. OLSON,
HENRY M. KEITH,
C. D. CLEMENT,
M. P. WHALLON,
W. L. NUTTALL,
Committee.

Nov. 17, 1916.

RESOLUTION, offered by Frank O. Olson, levying a tax upon the taxable property of the several towns in Chautauqua County, for highway purposes, as provided by sections 90 and 91 of the Highway Law:

Whereas, The Town Superintendents of the several towns of Chautauqua County have made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of their respective towns, as provided by section 90 of the Highway Law; and

Whereas, The respective town boards have approved or changed said estimates, as provideed by section 91 of the Highway Law;

Therefore, Be It Resolved, That the said estimates as approved by the town boards be received and the sum set opposite the name of the respective towns in the column which bears the heading, "Amount of 1st Item" (which is the amount of the First Item in said estimates) be assessed, levied and collected upon the taxable property of the respective towns, exclusive of the property within the limits of the incorporated village or villages of their respective towns which maintain their streets and highways as a separate road district, and be it further

Resolved, That the sum set opposite the names of the respective towns, in the columns which bear the heading, "Amount of 2nd Item", "Amount of 3rd Item" and "Amount of 4th Item" (which is the amount of the Second, Third and Fourth Items of said estimates as approved by the various town boards) be assessed, levied and collected upon the entire taxable property of the various towns of Chautauqua County, as follows, that is to say:

And that the several amounts when collected shall be paid to the Supervisors of the respective towns, to be paid out by them as provided by law.

Adopted.

Resolution offered by Frank O. Olson, levying a tax upon the taxable property of the several towns in the County of Chautauqua, for the payment of Certificates of Indebtedness issued by said towns in payment of expenses incurred in making extraordinary repairs to highways pursuant to Section 93 of the Highway Law:

Whereas, The Supervisors and Town Clerks of the towns mentioned below have certified to this Board statements of the expenses incurred by the Town Superintendents of said towns with the consent of the Town Boards, pursuant to Section 93 of the Highway Law, and audited and allowed by said Town Board or Town Boards, together with the principal and interest.

Therefore, Be It Resolved, that the amounts set opposite the name of each town be assessed, levied and collected upon the taxable property of that town, exclusive of the corporate limits of any village or villages which maintain the highways therein as a separate highway district, and that the same when collected be paid to the Supervisor of the town to be applied to the cancelling of the certificates of indebtedness and interest accruing on the same which were issued in payment of the above mentioned accounts.

Name of Town	Amount of Principal to be levied.
Charlotte	$1,077
Clymer	500
Harmony	1,150

Adopted.

By Mr. Button of Pomfret:

Resolved, That the matter of the State Route No. 18 to be referred to the Highway Committee, with the request that they take the same up with Commissioner Duffey, and if possible present a plan in detail showing probable cost, type of road proposed, and all information possible, to the Adjourned Session of the Board in December.

Adopted.

Mr. Olson of Jamestown moved that an item of $35,000 be inserted in the estimate of the County Expenses to pay the County's share for the construction of County Roads, under provision of Section 328 of the Highway Law.

Carried.

Mr. Palmer, Chairman of the Committee on Judicial Accounts, submitted the following supplemental report from the Committee which was considered and approved.

Mr. Nuttall, Chairman of the Committee on County Expenses, submitted the following report as an estimate of money to be raised for county expenses for the ensuing year, which was approved:

Adopted.

By Mr. Doty of Sheridan:

Resolved, That in awarding the items of public printing designated as tabulated statements, it is understood that these consist only of the tables prepared by the Clerk of the Board, showing the number of acres of land assessed in the several Towns of Chautauqua County, with the Assessors' valuations thereof, the Equalized Valuation of the Board of Supervisors, the valuation of personal property, the amount of taxes, the assessment and taxes of railroads, telegraph and telephone companies, local telephones, railroads, telegraph, electric light, gas and water Companies' properties.

Resolved, That the Clerk of this Board, in notifying publishers of newspapers to whom public printing has been awarded, shall state that in rendering their accounts for such printing, publishers shall not only make affidavits to their accounts, but shall also furnish certificates and proof of publication, and that the Board shall refuse to audit accounts for printing by publishers who do not conform to the foregoing requirements.

Adopted.

By Mr. Ames of Ellicott:

Resolved, That the Highway Committee be and is hereby authorized to enter into a contract with the Town Board of the Town of Ellicott to improve the road leading from the state road at Levant, north to the junction of the Clark Road and the Wilson Hollow Road, being a distance of about one mile, specifications for the same to be subject to action taken by the Town Board of Ellicott and in pursuance to Section 320-A of the Highway Law.

Adopted.

By Mr. Pettit of Portland:

Resolved, That the road running from Main Street in the Village of Brocton north to the Lake Road, known as Lake Avenue, a distance of about two and one-half miles, be added to the Town and County System of Highways.

Adopted.

By Mr. Doty of Sheridan:

Resolved, That the County Treasurer, upon recommendation of the Special Committee on Tax Deeds, be and he is hereby directed to withdraw from advertising for tax sale such parcels of property subsequent to the County's purchase of same, that the County Treasurer shall reimburse to such purchaser the amount that would be due him under the Tax Law for failure to obtain title to lands bought at Tax Sale. The intent of this resolution being to permit the County to have the same right to redeem its property from Tax Sale as is now possessed by the individual.

Adopted.

By Mr. Whallon of Chautauqua:

Resolved, That the Highway Committee be and is hereby authorized to

enter into a contract with the Town Board of Chautauqua to improve the road leading from the County Farm to the Traction Depot, a distance of about one mile, specifications of same to be subject to the action of the Town Board of Chautauqua, and in pursuance of Section 320-A of the Highway Law.

Adopted.

Unanimous consent was granted to Charles E. Dodge, Superintendent of the Poor, to address the Board. Mr. Dodge requested the Supervisors to furnish to the Clerk of the Board the names and addresses of the Overseers of the Poor of the various towns for printing in the Journal of Proceedings.

By Mr. Button of Pomfret:

Resolved, That the stenographer of the County Court shall hereafter be paid a salary of $1,000 per year, and that said stenographer shall act as parole officer of the Supreme Court and County Court, and shall make investigations of criminal cases prior to sentence and shall act as parole officer in such cases as he shall be ordered so to do by said courts.

Mr. White of Ellington moved that this matter be made a special order for Wednesday at 2 P. M.

Carried.

By Mr. Crandall of Poland:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Poland to improve the road leading from the state road in the Village of Kennedy, by way of Clark's Corners to the Town Line of the Town of Carroll, a distance of about five miles, specifications for the same to be subject to action taken by the Town Board of Poland.

Adopted.

By Mr. Pringle of Harmony:

Whereas, experience has proven that various highways designated for improvement are neglected from the time of such designation is made, pending active operations in the matter of state and county construction, until at times good roads have very materially deteriorated before improvement is actually commenced, and feeling that this ought to be avoided in the future, and might be under certain conditions, therefore be it

Resolved, That the Highway Committee be directed to adopt the policy of requiring the towns in which such roads are designated for improvement to do the preliminary grading, culvert work, etc., to the end that these highways be kept in reasonably good condition until the work of general improvement has been actually begun.

Adopted.

Mr. Doty, Chairman of the Tax Deed Committee, submitted a report from that Committee which was considered and approved.

By Mr. Olson of Jamestown:

Whereas, The Board of Supervisors has previously passed preliminary resolutions asking for the construction and improvement of certain highways,

Resolved, That the State Commission of Highways be requested to take up such highways for construction and improvement in the following order:

Ashville to Panama.
Ellington to Conewango.
Sinclairville to Pettis Corners.
Panama to Panama Station.
Cutting to Clymer.
Mayville to Chautauqua.
Panama Station to Sherman.
Conewango to Cherry Creek.
Busti to Stillwater.

Resolved, That should the mileage allotted to this county, as provided by law, by the State Commission of Highways, be insufficient to complete any of the above described highways, the part to be omitted should begin at the end last mentioned in the preliminary resolution.

Resolved, That the Clerk of this Board be and he is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Commission of Highways.

Adopted.

Mr. Simmons of Busti in the Chair.

The Chairman presiding.

Mr. Olson, Chairman of the Highway Committee, submitted the following from that committee:

Whereas, the Highway Committee, after careful investigation, believes that the improvement of the highway leading from the village of Frewsburg to the state line near the village of Fentonville, all in the Town of Carroll, is of the utmost importance; therefore be it

Resolved, That in pursuance of Paragraph 4 of Section 291 of the Highway Law, the money now in the hands of the County Treasurer, placed there by the State Treasurer, as registration fees for motor vehicles, be allotted to the Town of Carroll, for the use of such town for the improvement of this highway, a distance of about four miles, and that the money received from such registration fees during the year 1917 be also allotted to the Town of Carroll for the improvement of this highway, to the end that this road may be permanently improved for the entire distance.

FRANK O. OLSON,
H. M. KEITH,
H. R. BENNETT,
L. W. STEBBINS,
C. L. EDWARDS,
Highway Committee.

Mr. Button of Pomfret moved that this matter be made a special order for 2 P. M., Thursday.

Carried.

Mr. Palmer of Dunkirk moved that the Board adjourn until 10 A. M., Thursday.

Carried.

THURSDAY MORNING.

COURT HOUSE, MAYVILLE, N. Y.

THURSDAY, DEC. 14, 1916.

The Board was called to order at 10 A. M., by the Chairman, Mr. Cheney.

Roll Call; quorum present.

The Journal of Proceedings for Wednesday was read and approved.

By Mr. Button of Pomfret:

Resolved, That the County Treasurer be and he is hereby authorized and directed to transfer $250 from the contingent fund to the County Court Stenographer's Fund, in order to provide for the payment of the increased salary of that official, as provided in a resolution adopted by this Board on Wednesday.

Adopted.

By Mr. Pringle of Harmony:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Harmony to improve the road leading from the village of Watts Flats north to the village of Blockville, a distance of about three miles; also for the improvement of the road leading from the new line of the Erie railway at Niobe north to Dole's Corners, a distance of about one and one-half miles, specifications for the same to be subject to the action of the Town Board of Harmony.

Adopted.

By Mr. Payne of Stockton:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Stockton for the improvement of the road leading from Hale's Corners in that town, east to the Gerry Town Line, a distance of about one mile, specifications for the same to be subject to the approval of the Town Board of Stockton.

Adopted.

By Mr. Starr of Gerry:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Gerry for the improvement of the road leading from the Gerry-Stockton town line on the Stockton-Sinclairville Road, leading east to what is known as Lambert's Corners, thence north to the Village of Sinclairville, a distance of about two miles, specifications for the same to be subject to the approval of the Town Board of Gerry, and in pursuance of Section 320-A of the Highway Law.

Adopted.

By Mr. Pettit of Portland:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Portland to improve the road beginning at Main Street in the Village of Brocton, running north to the Lake Road, a distance of about two and one-half miles, specifications for the same to be subject to action of the Town Board of Portland, and in pursuance of Section 320-A of the Highway Law.

Adopted.

By Mr. Button of Pomfret:

Whereas, Experience has proven that the amendment to the Tax Law, adopted by the Legislature of 1916, requiring the Town Assessors to make copies of the assessment rolls, instead of the Supervisors of the Towns making such copy, was unsatisfactory, therefore be it

Resolved, That it is the sense of the members of this Board that said amendment should be repealed, and the Senator from this District and the Assemblymen from Chautauqua County be asked to use their influence to secure a repeal of such amendment to the Tax Law, and a return to the former law, under which the Supervisor copied the Assessment Roll, thus familiarzing himself with the roll, and enabling him to keep in closer touch with the work of the Assessors of his town than under the present system.

Adopted.

By Mr. Pettit of Portland:

Resolved, That in case any Town desires an extra copy of its Assessment Roll, the Supervisor or Town Clerk shall notify the Clerk of the Board of Supervisors of that fact before the rolls are printed, and that said extra copy of the assessment roll be a charge against the Town.

Adopted.

By Mr. Palmer of Dunkirk:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town of Dunkirk for the improvement of the extension of Second Street at the intersection of Front and Brigham Streets and running thence westerly along the lake road to the west line of the Town of Dunkirk, a distance of about two miles, in pursuance of Section 320-A of the Highway Law, specifications for the same to be subject to the approval of the Town Board.

Adopted.

Mr. McCray of Clymer in the Chair.

By Mr. Button of Pomfret:

Resolved, That the parole officer be required to make a report to the Board of Supervisors at its next annual session as to the number of cases placed in his charge, amount of fines collected, and such other information as would be of value of the Board.

Adopted.

By Mr. Bennett of Carroll:

Resolved, That the Highway Committee be and it is hereby authorized

to enter into a contract with the Town Board of Carroll, for the improvement of the highway leading from the village of Frewsburg toward Kennedy, by way of Pope Hollow, a distance of one mile, according to the provisions of Section-A of the Highway Law, specifications for the same to be subject to the approval of the Town Board of Carroll.

Adopted.

By Mr. Nuttall of Mina:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Mina for the improvement of the road beginning at the corner of the Lake and Main Street in the village of Findley Lake, and leading to the state line on the North East Road, a distance of about three miles, subject to the approval of the Town Board of Mina and in pursuance of Section 320-A of the Highway Law.

Adopted.

The hour of 12 o'clock having arrived, the Board took a recess until 2 P. M.

THURSDAY AFTERNOON.

The Board in session at 2 P. M., the Chairman, Mr. Cheney, presiding.

Mr. Ames, Chairman of the Special Committee on Memorials of deceased members, moved that the report of this Committee be made a special order for Friday afternoon at 3 o'clock.

Carried.

The hour of 2 o'clock having arrived, the special order for that hour—consideration of the report of the Highway Committee appropriating the money in the County Treasurer's Hands to the improvement of the highway leading from the village of Frewsburg to the Pennsylvania State Line near Fentonville—was taken from the table.

After some discussion of the question, Mr. Button of Pomfret moved that the report be laid upon the table until Mr. McGinnies makes a report to the Board regarding the construction of State Route No. 18.

Carried.

Mr. Palmer, Chairman of the Special Committee on salaries of County Officers and Employees, submitted a report from that Committee, which was read by the Clerk.

Carried.

Mr. Palmer of Dunkirk moved that the Board adjourn until Friday morning at 10 o'clock.

Carried.

FRIDAY MORNING.

COURT HOUSE, MAYVILLE, N. Y.

FRIDAY, DEC. 15, 1916.

The Board was called to order at 10 A. M., by the Chairman, Mr. Cheney.

Roll Call; quorum present.

The Journal of Proceedings for Thursday was read and approved.

William J. Knauer, Superintendent of Highways, submitted his annual report, which was received, filed and ordered printed in the Journal of Proceedings.

The annual report of the Board of Election Commissioners was presented, read, filed and ordered printed in the Journal of Proceedings.

Luther S. Lakin, Jr., submitted his annual report as County Clerk, as to fees and expenses of that office for the past fiscal year, also as to fines and penalties received during the year, which was received, filed and ordered printed in the Journal of Proceedings.

Mr. Edwards, Chairman of the Committee on County Clerk's Accounts, submitted a report from that Committee, which was considered and approved.

By Mr. Edwards of Cherry Creek:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of the Town of Cherry Creek for the improvement of the highway leading from the corporate limits of the village of Cherry Creek to the Cattaraugus County Line, a distance of one and one-half miles, in pursuance of Section 320-A of the Highway Law, specifications for the same to be subject to the approval of the Town Board of Cherry Creek.

Adopted.

By Mr. Olson of Jamestown:

Resolved, That all rights of way which shall be secured for roads to be improved under Section 320-A of the Highway Law, shall be a charge against the Town in which such road is situated.

Adopted.

By Mr. Button of Pomfret:

Resolved, That all towns within whose borders improved Highways, either brick or concrete, are to be constructed out of motor vehicle registration funds, shall contribute not less than 25% of the total cost of such construction, and that towns also be required to secure the rights of way, furnish steam roller, graders, wheel scrapers and such minor equipment as may be necessary; also to maintain the road after construction.

Adopted.

Mr. Keith of Sherman moved that the action of the Board by which Mr. Button's resolution, quoted above, was adopted, be reconsidered. The motion was carried.

Mr. Palmer of Dunkirk moved that action on the resolution be deferred until such time as action may be taken upon the report of the highway committee regarding the appropriation of motor vehicle registration fees for the construction of a highway in the Town of Carroll is considered.

Mr. Nuttall of Mina moved as an amendment that Mr. Button's resolution be amended by striking out "25%" and inserting "15%".

After some discussion Mr. Button was given unanimous consent to withdraw his resolution from further consideration of the Board.

By Mr. McCray of Clymer:

Resolved, That the State Highway Department be and it is hereby requested to furnish plans, surveys and estimates for the improvement as a County Highway, of a certain road now on the County Map, and known as an extension of the French Creek and Clymer Highway, within the Town of Clymer, described as follows:

Beginning at Nickles Corners, east of the village of Clymer, following the line of the old Erie and Jamestown Stage Road to Clymer Center, thence north to Panama Station, a distance of four miles.

Adopted.

The hour of 11 o'clock having arrived, the special order for that hour—consideration of the report of the Committee on Salaries of County Officers and employees—was taken from the table and the Clerk read the report, which was presented Thursday afternoon, for the information of the Board.

Mr. Bennett moved that the report be considered, section by section, and the motion was carried. In such consideration the Board approved of the report in the paragraphs relating to the salary and work of the County Judge and County Surrogate, relating to the office of the District Attorney, the Assistant District Attorney, the Sheriff's Department, the County Treasurer, the Superintendent of the Poor, the Clerk of the Board of Supervisors, the Election Board, the County Sealer of Weights and Measures, the County Agent for Dependent Children, the Special Surrogate, the Special County Judge, (carrying with it the recommendation for the increase of the salary of that official from $600 to $900 a year), the County Superintendent of Highways and the employees of the Surrogate's office.

In the consideration of the report of the committee touching upon the work of the Farm Bureau, Mr. Pringle moved that this part be stricken from the report, and the motion was carried.

In consideration of the report touching upon the County Clerk's department, Mr. Stebbins moved that the recommendation of the Committee to the effect that the services of the Second Deputy County Clerk be dispensed with, be disapproved, and the motion was carried.

Mr. Doty moved that the words, "and second deputy" in reference to Ed. H. Peterson being advanced to the position of index clerk, be stricken from the report, and the motion was carried.

Mr. Blystone moved that that portion of the report referring to the use of the records and books in the County Clerk's office by the public be received and filed and referred to a special committee, to be named by the chairman of the board, for further consideration.

The remainder of the report, in so far as it pertained to the County Clerk and the employees of that department, was approved.

Upon motion of Mr. Palmer, Chairman of the Committee, the report, as amended was approved and adopted.

By Mr. McCray of Clymer:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Clymer for the improvement of a highway beginning at North Street on Center Street, and running thence north along the old plank road to John Tecroney's Corner, a distance of two miles, in pursuance of Section 320-A of the Highway Law, specifications for the same to be subject to the approval of the Town Board of Clymer.

Adopted.

The hour of 12 o'clock having arrived, the Board took a recess until 2 P. M.

FRIDAY AFTERNOON.

The Board in session at 2 P. M., Mr. Cheney, the Chairman, presiding.

The special order for this hour was the consideration of the report of the special committee appointed to consider the matter of a memorial building in honor of the soldiers and sailors of Chautauqua County.

Mr. Pettit, Chairman of the Committee, stated that the Committee had considered suggestions for such a memorial building in Jamestown and at Mayville, but had no recommendations to make.

Fred C. Butler of Jamestown spoke in favor of the purchase of the Governor Fenton homestead in Jamestown for this purpose and asked the Board to make a proposition as to how much it would contribute toward this purchase, with Jamestown to provide the balance of the amount required. Others who spoke in favor of the Jamestown proposition were William S. Bailey, A. H. Stafford and Supervisors Frank O. Olson and Paul W. Blystone.

Captain Herman Sixbey of Mayville spoke strongly in favor of the erection of a memorial building on the county property at Mayville. Others who discussed the matter were L. H. Derby of Fredonia, A. A. Fay of Brocton, A. H. Goddard of Mayville, and Supervisors W. J. Doty, J. A. McGinnies, George R. Pettit, and Rev. M. V. Stone of Brocton.

Mr. Doty moved that the special committee be continued to report at a later session of the board, and Mr. McGinnies suggested that the veterans of the county themselves, make an effort to get together on this proposition, and he felt that the Board would then be ready to meet any reasonable request of the old soldiers.

The Clerk presented the following from the State Commission of Highways:

STATE OF NEW YORK
COMMISSION OF HIGHWAYS

Albany, Nov. 22, 1916.

Mr. Joseph A. McGinnies,
Clerk of the Board of Supervisors,
Mayville, Chautauqua County, N. Y.

Dear Sir:—
Supplemental to statement furnished you, under date of October 28th,

The annual report of E. J. Swift, County Treasurer, was presented, received, filed and ordered printed in the Journal of Proceedings.

Mr. White, Chairman of the Committee on County Treasurer's Accounts, submitted a report from that Committee, which was considered and approved.

By Mr. McCray of Clymer:

Resolved, That there be credited to the Town of Clymer, by the County Treasurer, the sum of $750, the amount paid in excess of the amount fixed by the Board, whereby the Town would pay 35% of the construction of the Town and County Road No. 1, the same to be charged to the County Road Construction Fund.

Adopted.

Mr. Doty, Chairman of the Committee on Printers' Accounts, submitted the following report from that Committee, regarding the disposition of county printing for the year 1917, which was approved.

Town and County Accounts: Ripley Review, Silver Creek News, Mayville Sentinel, Vartland of Jamestown.

Tabulated Statements: Brocton Mirror, Cherry Creek News, Chautauqua News of Sherman, Skandia of Jamestown.

Mr. Pettit, Chairman of the Committee on Supervisors' Accounts, submitted a report from that Committee, which was considered and approved.

By Mr. McGinnies of Ripley:

Resolved, That the County Treasurer be directed to transfer from the Contingent Fund to the Special County Judge Salary fund, the sum of $300; to the Assistant District Attorney Salary fund, the sum of $200; and to the District Attorney Stenographer fund the sum of $300; on account of the increases recommended by the Special Committee on salaries, and approved by this Board; transfers to be available and increases to be paid after January 1st, 1917.

Adopted.

The Chair announced the appointment of Messrs. Doty, Nuttall and Blystone as a Committee to further consider the report of the Committee on Salaries of County Officers, in so far as it pertained to the use of the records in the County Clerk's Office, as provided for in a motion by Mr. Blystone on Friday.

Mr. Bennett moved that when the Board adjourn, it be until Thursday, Dec. 21, at 2 P. M., to meet as a Board of County Canvassers and County Supervisors.

Carried.

Mr. Bennett moved that the Board adjourn until Thursday, Dec. 21, 1916.

Carried.

SECOND ADJOURNED SESSION 1916

COURT HOUSE, MAYVILLE, N. Y.

THURSDAY, DEC. 21, 1916.

The Board was called to order at 2 P. M., by the Chairman, as per adjournment of December 16th.

Roll Call: the following members present: Messrs. Ames, Bennett, Button, Blystone, Cheney, Clement, Crandall, Edwards, Edson, Kidder, Keith, Lawson, Mathewson, McGinnies, Nuttall, Olson, Payne, Pettit, Pringle, Starr, Stebbins, Simmons, Whallon, White.

The Board immediately took a recess and convened as a Board of County Canvassers, with Mr. Button of Pomfret as Chairman, and proceeded to canvass the soldier vote of the county, as cast by the soldiers in service in Texas.

Mr. Campbell, Clerk of the Board of Election Commissioners, made a statement as to this vote and the certificates as prepared by the election commission were signed by the members of the Board.

Mr. Edwards moved that William S. Stearns, having received a majority of all the votes cast for that office, be declared elected District Attorney.

Carried.

Edward B. Osgood, having received a majority of all the votes cast for the office of Coroner, was, on motion of Mr. Pettit, declared elected to that office.

Frank S. Wheeler, having received a majority of all the votes cast for the office of Special County Judge, was, on motion of Mr. Ames, declared elected to that office.

Robert J. Cooper, having received a majority of all the votes cast for the office of Special Surrogate, was, on motion of Mr. Bennett, declared elected to that office.

Leon L. Fancher, having received a majority of all the votes cast for the office of Member of Assembly in the First District, was, on motion of Mr. Pringle, declared elected to that office.

Joseph A. McGinnies, having received a majority of all the votes cast for the office of Member of Assembly in the Second District, was on motion of Mr. Pettit, declared elected to that office.

The Board adjourned as a Board of County Canvassers, and reconvened as a Board of Supervisors.

By Mr. Clement of Villenova:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Villenova, to improve the road leading from the Hamlet-South Dayton Road at the bridge crossing the Conewango Creek, thence north to the Town Line of the Town of Hanover, a distance of about four and one-half miles. Specifications for same to be subject to action taken by the Town Board of the Town of Villenova and in pursuance of Section 320-A of the Highway Law.

Adopted.

By Mr. Pettit of Portland:

Resolved, That the Highway Committee be and it is hereby authorized to enter into a contract with the Town Board of Portland for the improvement of the highway known as the "Lake Road", beginning at the junction of Lake Ave. and Lake Road and running easterly to the Pomfret Town Line, a distance of three miles. Specifications for same subject to the approval of the Town Board of Portland and contract pursuant to Section 320-A of the Highway Law.

Adopted.

In order to avoid any question as to the establishment of salaries, by the adoption of a report of a special committee at the regular adjourned session, Mr. McGinnies moved that the salary of the Special County Judge be fixed at $900 per year; the salary of the Assistant District Attorney be fixed at $1,200 per year; and that the District Attorney be allowed $600 per year for stenographic service; such increases and allowance to date from January 1st, 1917.

Carried.

A petition was presented from several Jamestown Attorneys, asking that M. A. Keyes be retained in his old position as Index Clerk in the County Clerk's Office. This was received and filed.

On motion of Mr. Keith, the Board adjourned.

On motion of Mr. McGinnies the Board of County Canvassers adjourned without day.

E. N. BUTTON, Chairman.

LUTHER S. LAKIN, JR., CLERK.

MEMORIALS.

Gentlemen of the Board of Supervisors:

It is most seemly that we should set apart a special time and occasion each year to express our profound respect for the memory of our former associates and members of this Board who have passed beyond the activities of this life.

We are glad to note that the death list this year is not as long as usual, yet it reminds us very forcibly of the flight of time and the work of the grim Reaper, which continues from year to year with unerring certainty. It cannot fail to impress us with the duties of life and the importance of performing those duties well, so that when we lay down the burdens of life our good deeds may be called to the memory of those who are left behind to take up the work.

Individually, we may all be forgotten, but collectively we shall all live in whatever of solid worth and real value we have produced for those who have entrusted us with this County's affairs. Although we and even our labors be forgotten, yet the spirit with which we do our work shall live on as does the memory of our departed friends at this hour.

To the bereaved families of the departed members we tender our sincere sympathies, and we place their names among those of the many able and conscientious officials whom Chautauqua County has ever been proud to honor.

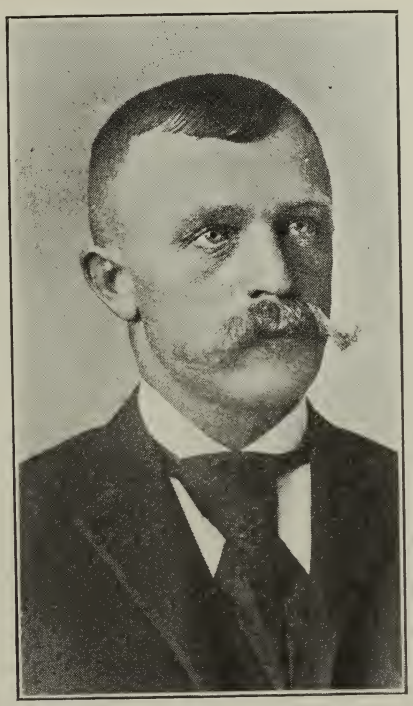
So far as your Committee has been able to ascertain, the following is a complete list of ex-supervisors who have died during the past year:

BENJAMIN PICKARD of Ellery
EDWIN A. AUSTIN of French Creek
LYMAN F. WEEDEN of Poland
EZRA J. SCOFIELD of Chautauqua
FRED B. BROCKWAY of Ripley.

H. L. AMES,
CHARLES H. WHITE,
GERALD G. GIBBS,
Memorial Committee.

BENJAMIN A. PICKARD

Benjamin Abraham Pickard died at his home at Pickard Street, Friday, Sept. 8, 1916 He was the son of Abraham and Sally Pickard and was born February 1, 1836. His entire life with the exception of two years, was spent on the farm, where he died, the land being purchased by his father from the Holland Land Company. In young manhood he united with the Methodist church and remained a faithful member until his death. He was always keenly interested in clean politics, was a strong Republican and served the people of his township as Supervisor two terms and twenty years or more as Assessor and Justice of the Peace, and will long be remembered as an example of honesty, sobriety and industry. The summons to his well earned rest came suddenly, while eating the noonday meal, Sept. 8.



EDWARD A. AUSTIN

Edward A. Austin was born June 19, 1859 in Wayne County, New York. He moved to French Creek in 1873 where he entered the employ of the late Henry R. Case and for thirty years was entrusted with the responsibilities of looking after the various interests of his employer.

Mr. Austin served as Supervisor of French Creek for four years, beginning in 1907. He always took an active interest in the political affairs of his town and was deeply concerned in all matters touching the welfare and betterment of the community in which he lived.

LYMAN F. WEEDEN

Lyman F. Weeden died May 24th, 1916 at the age of seventy-eight years. He was the eldest child of the late Joseph E. and Margaret Waite Weeden and was born and spent his early days in Randolph, N. Y., being educated in the academy at that place.

After a few years spent in teaching he began in business life as a druggist in 1862 at East Randolph. On April 1st, 1882 he moved to Kennedy and purchased the drug and stationery business of the late Dr. O. C. Shaw, retiring twenty-five years later on account of ill health.

Mr. Weeden was a Democrat in politics and while a resident at Randolph was chosen to several town offices. He received appointment as Postmaster at Kennedy during the Cleveland administration and served Poland as Supervisor in 1891.

On May 6th, 1863 he married Mary C., daughter of David and Catherine Pier Benson, who with two children, Austin E. Weeden of Falconer, N. Y., and Mrs. Louise W. Miller of Streator, Ill., survive him.

Mr. Weeden had for years been one of the leading citizens of Kennedy; a man of high character; strict integrity, and was universally honored and esteemed. He was one of the founders of the I. O. O. F. lodge at Kennedy, was its first Noble Grand, and, as long as his health permitted, a faithful worker.

EZRA J. SCOFIELD

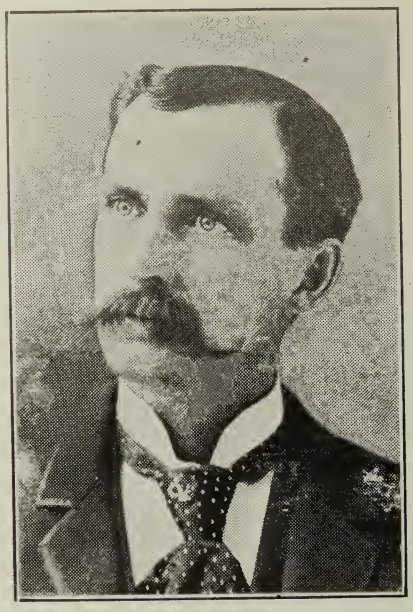
Ezra J. Scofield, son of Elias Scofield and Mary McKnight Scofield, was born in the Town of Ellery, Chautauqua County, New York, April 7th, 1841 and had been a resident of Hartfield in the Town of Chautauqua from his boyhood, where he died on the 28th day of July, 1916, after a very short illness.

Mr. Scofield was united in marriage with Miss Amy E. Barnhart of Chautauqua in 1861. Two daughters were born to them. Mrs. Lottie Lathrop, now residing at the family homestead at Hartfield, and Mrs. Dr. G. L. Granger of Sherman, N. Y.

He was engaged with his brother, Marion W. in the mercantile business and the manufacturing of butter and cheese packages at Hartfield for many years. Associated with his father-in-law, William Barnhart, he was the Pioneer Grape Grower of the Town. The latter occupation and general farming he followed to the time of his death.

Mr. Scofield was Justice of the Peace for eight years and Supervisor during the years of 1880-81-82 and 83. In politics he was a staunch Republican and greatly interested with affairs of the party, always making it his business to be present at all gatherings. He was a member of the County Committee at the time of his death.

Mr. Scofield was a kind husband, a loving father, a friend to all who knew him, and by those who were closest to him and knew him best, he will be greatly missed.



FRED B. BROCKWAY

Fred B. Brockway was born in the Town of Ripley, July 20th, 1854 and died at the family home in that town on Oct. 6th, 1916, having lived in the town all his life.

Mr. Brockway was a representative of one of the old pioneer families, his grandfather being one of the first settlers of the town. He took up a tract of 500 acres of land, along what is known as the old Buffalo and Erie Road, which remained in the possession of the family down to the present time. The family has always been prominent in the social, business and political life of the town and have been Republican since the first organization of that party. Mr. Brockway's father, the Hon. Chas. B. Brockway was Supervisor of the town for 10 years, was the Chairman of the Board of Supervisors in 1867-68 and was a justice of the peace for a great many years. A brother of Mr. Brockway, Chas. B. Brockway, Jr., was a Supervisor in 1894-95 and held numerous other important political offices. Mr. Brockway was Supervisor in 1883 and 1889, was Town Superintendent of Highways for six years and was always prominent in the political life of the town. He was a man of excellent judgment, wide acquaintance and was universally liked and respected. He was a good citizen and a loyal friend. The community in which himself and family have lived so long will miss him and will deeply mourn his loss.

October 21, 1916, received of C. E. Dodge, proceeds of County Farm	2,001.51	
		$ 6,054.22

I, the undersigned, Superintendent of the Poor of Chautauqua County, being duly sworn, do depose and say that the foregoing expenditures have been made and orders drawn as specified for the payment of same; also that the whole of the moneys collected during the past year have been reported and paid into the County Treasury and receipts taken for the same. Copies of receipts attached to this report.

CHARLES E. DODGE,
Superintendent of the Poor.

Subscribed to and sworn to before me this 4th day of November, 1916.

MARTIN T. SPELLACY,
Notary Public.

We, the undersigned County House and Farm Committee, having duly examined the foregoing report of the Superintendent of the Poor, find the

same correct to the best of our knowledge and belief.

H. R. BENNETT,
A. M. CHENEY,
J. A. McGINNIES,
County House and Farm Committee.

Outside the products of the County Farm, the average daily expense for each inmate has been 21 cents; the average weekly expense has been $1.51.

I estimate that the sum of $9,500.00 will be necessary to be raised by your Board to meet the expenses of board and care of persons chargeable to the County of Chautauqua, and who are inmates of the several charitable institutions of the State, and for non-resident poor who are not chargeable to the several towns or cities, but are maintained at the expense of the County.

For the inmates of the County House and Hospital, St. Mary's School, Randolph Home, Gerry Home and State Institutions whose inmates are chargeable to the several towns and cities, a further sum as shown hereinafter will be necessary to be raised and paid into the County Treasury, to be drawn upon by the Superintendent of the Poor, for the proper maintenance as such inmates may require, this sum to be apportioned to the several towns and cities of the County as follows:

Arkwright	$ 250.00
Busti	550.00
Carroll	300.00

GENERAL REPORT

of Emmons J. Swift, Treasurer of Chautauqua County, N. Y., for the Fiscal Year beginning with November 1, 1915, and ending with October 31, 1916.

To the Honorable Board of Supervisors of Chautauqua County, New York:

Gentlemen:—I take pleasure in herewith submitting for your inspection my annual report of the fiscal matters of the County for the above period.

The receipts of the office of the County Treasurer for the fiscal year closing with October 31st, 1916, aside from Excise and Court and Trust Funds, have been $865,540.65. This is an increase over the largest amount heretofore received in a year by the sum of $232,631.20. The expenditures for the last fiscal year have been $744,672.75, being larger than any other year by the sum of $244,011.02.

To these large amounts, handled, add $93,697.53 Excise funds received and paid out, and $9,094.21 received and $9,798.28 disbursed of Court and Trust Funds, and we have the large sum of $1,704,737.65 which has been handled and accounted for in the office during the last county fiscal year.

These figures to some extent indicate the amount of work being done by the County Treasurer's force and the responsibility attached to this office. But there are many perplexing and difficult duties imposed upon this office which do not find an expression in the office balances. Errors and mistakes in many of the other departments of the County's service come to the surface in the County Treasurer's office and lead to much difficult labor. This is especially true in the matter of the assessment of the different kinds of property, the extension, collection and return of taxes. Errors in these particulars are fatal to tax sale of the property effected and an indeterminable amount of work is thus entailed upon this office. Errors in orders under which Court and Trust Funds are deposited and paid out; in the papers upon which liquor tax certificates are issued, lead to a constant care and strain in handling the matters.

As you are all aware, the improvement and maintenance of our highways is throwing much work into the County Treasurer's office. There are complications which require extended computation in the department of highway improvement, and here as well as in the other county departments mistakes, errors and blunders may pass along until they crystalize into cash and then they have to be corrected and adjusted.

The receipts for this office for the last county fiscal year have been as follows:

To Balance on hand, November 1, 1915. $132,249.72

Report of County Treasurer on Temporary Loans for Improvement of Highways.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—I would report that, under the provisions of the Highway Law with the consent and approval of your Chairman and Clerk, I borrowed on November 1, 1915, $5,000.00 to be used in the construction of the Ripley-Sherman County Highway No. 1297.

On December 15, 1915 I borrowed $1,000.00 to be used in the construction of the Cassadaga-Burnhams County Highway No. 1298.

On December 15th, 1915 I borrowed $1,500.00 to be used in the construction of Fredonia Village Highway No. 1062.

On May 21, 1916 I borrowed $5,000.00 to be used in the construction of Town Road No. 1 Clymer.

On October 17, 1916 I borrowed $3,750.00 to be used in the construction of Town Road No. 3 Sheridan, and on the same date I borrowed $1,000.00 which was credited to Town Road No. 1 Clymer.

I have paid during the last fiscal year, on February 11, 1916, notes to the amount of $8,750.00 principal on account of Ripley-Sherman County Highway No. 1297, and interest on this obligation, $166.67.

On February 7, 1916 I paid $2,500.00 principal on account of Brocton Village County Highway No. 1296, and of interest $52.50.

On the same day I paid on account of Cassadaga-Burnhams Road No. 1298, borrowed money to the amount of $1,000.00 principal and $8.83 interest, and on the same date I paid on account of Fredonia Village Highway No. 1062, of principal $11,500.00 and interest $275.17.

These transactions became necessary on account of there being no

funds available for the several highways mentioned.

Respectfully submitted,

County Treasurer's Report on Office Fees Received.

To the Honorable Board of Supervisors of Chautauqua County, N. Y.:

Gentlemen:—As you are aware, the County Treasurer under the present administration is to turn over to the county all fees received for services rendered in the discharge of his official duties.

I submit, herewith, report of those fees from November 1, 1915, all of which have been turned over to the county:

Bank Tax Fees	$ 309.56
Court and Trust Fund Fees	94.12
Excise Fees	1,868.36
Fees on State Tax	1,317.20
From all other sources	720.03
Making a total sum of	$ 4,309.27

There is a decrease in Excise fees on account of an increase in the "Dry" territory in the county as the result of the vote on local option.

This is the first year in many which the county has not received revenue from Transfer Tax fees. This is the result of the operation of the Sullivan Act under which a Transfer Tax Appraiser was appointed for this county. My last report shows $634.91 earned for the county during the partial year and in preceeeding years this item has run from $2,068.90 to $2,889.47 a year.

Respectfully submitted,

E. J. SWIFT,

County Treasurer.

County Treasurer's Report on Highway Construction Bonds.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—The Board of Supervisors of Chautauqua County by resolution of April 24th, 1912, provided funds for the construction of certain highways in this county by levying a tax of $17,693.92 and authorizing the issue of Highway Construction Bonds to the extent of $160,000. Of these bonds I have sold to date, 151 having nine bonds still on hand. Since my last report I have sold 21 of these bonds at par with accrued interest.

I have received final settlement on the construction of the roads to be built with the proceeds of the bond issue as follows:

Cassadaga-Fredonia	No. 938
Cutting-French Creek	No. 939
Jamestown-Frewsburg	No. 940
Brocton-Stockton, Part 2	No. 1011

The total amount paid by me as the County's share of the construction of these roads is $117,127.98, which corresponds with the final settlement furnished me by the State Highway Department.

The estimates made by the Board in the resolution of April 24th, 1912 and provided for in the bond issue and the tax levied for these completed roads cover the sum of $102,710.92 which is less than the roads have cost the county by the amount of $14,417.06. This deficiency should be provided for in order that the highway construction fund may be sufficient for the payment of the county's share of the bonded roads still uncompleted.

There should also be raised to meet the Highway Construction Bonds which fall due on March 1st, 1917, the sum of $20,000 together with interest which accrues on March and September next in the sum of $4,050.00.

Respectfully submitted,

E. J. SWIFT,

County Treasurer.

County Treasurer's Report on Court House Bonds.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—I would respectfully report that there will be due on February 10, 1917, Court House Bonds, Numbers 118 to 130 inclusive, being thirteen bonds of $1,000.00 each, or $13,000.00.

This is the last installment of the One Hundred and Thirty, One Thousand Dollar Bonds issued June 10, 1907 for the construction of the Chautauqua County Court House.

In addition to the $13,000.00 to be raised to meet the payment of the face of these bonds on February 10, of next year, there should be raised also $292.50, the interest to accrue and fall due on said bonds on that date, making $13,292.50 to be raised for Court House Bond account.

Respectfully submitted,
E. J. SWIFT,
County Treasurer.

Report of Committee on County Treasurer's Accounts.

To the Honorable Board of Supervisors of Chautauqua County, N. Y.:

Gentlemen:—We, the undersigned Committee on County Treasurer's Accounts, respectfully report as follows:

We find the volume of business in the County Treasurer's office the largest ever transacted in that office by many thousands of dollars. The receipts of the office have been $865,540.65 and the payments $744,670.75, an increase of $244,011.02 We have been over the items which make up the large sums and find them correct. These items are spread over 279 Journal pages of 50 lines each, and each item has its proper receipt or voucher. These are arranged in perfect order and the books accurately and neatly kept.

Highway construction and maintenance are one of the principal causes which is adding to the duties of the County Treasurer. A separate account has to be kept on the construction of each improved road. All the accounts are drawing interest on daily balances and each month a trial balance is taken. The last trial balance covers 130 accounts.

Treasurer Swift keeps all bank deposits protected by a surety bond running to the county.

The books and accounts show a balance on hand at the close of the fiscal year of $120,903.23. This is made up as follows.

Bank balances per Cashier's Certificates	$	121,045.76
Less Outstanding Checks		2,182.62
Available cash in Banks	$	118,863.14
Checks, Certificates of Deposit, Money Orders and Currency in Vault		2,040.09
Total	$	120,903.23

We have examined the matter of fees and interest and find that there has been received from County depositories in interest, $3,187.67, and in

fees, $4,309.27. All of these moneys have been turned over to the county so that the income from this office the past year has been $7,496.94.

Respectfully submitted,

LUTHER S. LAKIN, Jr.
Chautauqua County Clerk.

Dated December 15th, 1916.

To the Honorable Board of Supervisors of Chautauqua County:

Your Committee on County Clerk's Accounts, respectfully report that we have examined conditions in the Clerk's Office and find as follows:

The revenue derived from the receipts of the office shows a decrease which may be accounted for in the main by the competition which exists in the searching business. Many of the men who have occasion to order large numbers of searches are understood to be stockholders in the competing company and thus have an inducement to give their business to the company instead of to the County Clerk's office as formerly.

We find that County Clerk, Luther S. Lakin, Jr., has always been diligent in maintaining that branch of the business and that every search order is given prompt attention and the patrons of the office are well taken care of in that respect.

Were it not for the falling off in that part of the work, the expense of maintaining the office would be larger for when certain lines of work have been light, Mr. Lakin has been enabled to use one, two or more employees at a time to take care of certain work which has become imperative, some of it long neglected. By being able to use these employees at this work, it has not been necessary to employ extra help. Some of the extra work which has been accomplished is as follows:

One liber of deeds, originally written nearly 100 years ago, had so faded that it was necessary to copy it. This work was done by a typist in a loose-leaf book and bound so that there is a permanent legible record.

The work of copying one volume of the 1888 series of indices, which had been worn out, has been completed.

The work of re-indexing Lis Pendens has been completed up to the year 1895.

One book of the first series of mortgage indices which had become

worn out from 40 years use has been copied and another book of the same series has been copied in part.

The work of indexing Assignments of Mortgages, which had been in arrears, has been caught up in part, about eight years of such assignments having been indexed.

Work has also been done re-indexing Miscellaneous Records.

One of the largest tasks undertaken has been the re-indexing of the 1895 series of deed indices. The old books are of a different kind of index system and they have always been a cause of inconvenience. Instead of copying them, the clerks are re-indexing into books like all the others in use, which adds to the amount of work involved, but will be time well spent considering the future.

We learn that some years ago another set of index books of about the same size was copied, the work being done extra and costing the County more than $2,000.00.

The court work in the County is increasing from year to year and there is little revenue to the County from it. Some of the time there has been two courts in session at once, taking the time of two clerks from the Clerk's office.

Respectfully submitted,

C. L. EDWARDS,
GUSTAF A. LAWSON,
GEO. R. PETTIT,
Committee.

NEWTON LINCOLN,
Chautauqua County Librarian.

Dated Dec. 15, 1916.

Report of Charles Blood, Coroner.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—I, Charles Blood, one of the Coroners of Chautauqua County, was called to investigate the cause of death of the following named persons:

1915—

Dec. 15.—Frank Pound; cause of death, Suicide by gunshot in head.

Dec. 14.—Stanislaus Rosczak; cause of death; Non-closure of Foramen Ovale.

Dec. 18.—Leon Szymanski; cause of death, Legs cut off in attempting to steal a ride on N. Y. Central Freight Train.

Dec. 20.—Felisc Pochyeski; cause of death, Consumption and want of proper care.

Dec. 27.—Feresa Gould; cause of death, struck by train on Penna. R. R. in Town of Sheridan. I removed the body to my morgue but could find no evidence to show how the accident happened.

1916—

January 1.—Andrew Gerringer; cause of death, run over by cars on N. Y. Central R. R. I removed the body to my morgue and by investigation I found that Gerringer was a trespasser, walking the track, and stepped out of the way of one train and was struck and run over by another train.

January 11.—William Shaver; cause of death, Paraylsis and want of proper care. I removed body to my morgue and located friends in Chicago, Ill. who paid expense of burial.

January 26.—Antonio Misolowski; cause of death, Heart Disease.

February 8—Hedwig Kasmeriki; found dead, cause of death, Heart Disease.

February 8.—Franceszka Lewandowski; found dead, cause of death, Paralysis.

February 25.—John Plowski; dropped dead, cause of death, Acute Heart Disease.

March 26.—Paul H. Meissner; cause of death, Suicide by Gunshot after shooting his stepfather, Frederick H. Will, who died April 7th.

April 5.—John Daly; cause of death, Accidental Drowning.

April 7.—Frederick H. Will, cause of death, Gunshot inflicted by his stepson, Paul H. Meissner, who at the same time shot himself—March 26th.

April 15—Lorenze Lamantina; cause of death, Fracture of Skull by

being struck by a locomotive while in the discharge of his duties on Nickel Plate R. R. as track-walker. I found death was accidental.

April 6.—Nicholas George; found dead in Lake Erie. I was unable to determine if death was accidental or otherwise. I was unable to locate friends and I buried the body May 26th by order of Supt. of the Poor, C. E. Dodge.

May 5.—Floryan Mizika; cause of death, Mucus in Throat, due to neglect of mid-wife.

May 6.—John Stawinski; cause of death, Fracture of the Skull, being struck by locomotive on N. Y. Central R. R. I removed body to my morgue. I found that Stawinski was a trespasser and standing too near the track when he was struck. I therefore could find no one but himself to blame for his death.

May 24.—Jeremiah Barnes; cause of death, Suicide by Cutting his Throat with a razor.

June 2.—Marino Alonze; cause of death, accidentally struck and run over by cars of N. Y. Central R. R., whereby both legs were cut off. I could find no criminal negligence.

June 6.—Amanda Thompson; cause of death, Fracture of Skull, being accidentally struck by a trolley car on the West Main Road in the town of Pomfret. I found that death was accidental and her family so considered it.

June 29.—Ansel F. Conger; dropped dead in the Village of Silver Creek. Cause of death, Heart Disease.

July 21.—Anne Burlage; cause of death, Apoplexy.

July 23—Laura Lacy; cause of death, injuries received in a collision between an automobile which she was driving and a freight trolley-car of the Buffalo & Lake Erie Traction Co. I held inquest and returned the following verdict:

I find that said Laura Lacy came to her death at the Brooks Memorial Hospital, Dunkirk, N. Y., on the 25th day of July, 1916, at 8.40 P. M. from injuries received at about six o'clock P. M. of the same day in a collision between a freight car of the Buffalo & Lake Erie Traction Co., in charge of Edward Gunther, motorman, and Ray Gannon, Conductor and an automobile driven by said Laura Lacy.

I visited the scene of the accident, which was the crossing of the said traction company of the Buffalo-Erie State Road, at Irving, N. Y. I investigated the various conditions and surroundings, and had photographs taken showing the situation, and the various obstructions to the view of persons using temporary highway then in use at this point, as well as the obstructions to the view of persons operating trolley cars upon said traction line. The sworn statement of the motorman, made to me, is to the effect that he did not see the automobile until an instant before the collision, and a similar statement, under oath, was made to me by the surviving occupant of the automobile as to her first sight of the trolley car.

I also find from the sworn testimony of eye-witnesses that the said freight car was being driven over this road crossing at a high rate of speed; that no signal or warning of its approach to the crossing was given by the crew of the trolley car. It further appears from the testimony of eye-witnesses that the automobile approached the crossing at a very slow rate of speed. The testimony further shows that the automobile was pushed and carried along the tracks of said traction company for a distance of about 145 feet from the point of collision, and that ties along the line were

splintered and broken by the automobile being pushed against them.

I also find that the highway crossing at this point is in a very dangerous condition and not properly guarded, and I hereby recommend to the proper authorities the necessity for a prompt elimination of the dangerous conditions existing there.

While, according to the laws governing traction lines, I find no evidence of criminal negligence, I do find that the freight car was being driven in a careless manner and not under such control by its motorman and conductor as the situation at this crossing required.

If additional facts shall appear in the future, I reserve the right to reopen the inquisition for further action, or the matter may be referred to the District Attorney of Chautauqua County for presentation to the Grand Jury in the first instance.

CHARLES BLOOD,
Coroner.

Dated Dunkirk, N. Y., Aug. 22, 1916.

July 22.—Ralph H. Lilley; cause of death, Accidental Drowning.

August 9.—Henry E. Norman, Suicide, by hanging.

September 15.—Harvey J. Snyder; cause of death, Fracture of the Skull. I find that deceased was accidentally killed while employed as brakeman on the Pennsylvania R. R, and the accident was caused by his own carelessness.

September 16.—Patrick J. Crilley; cause of death, injuries received by being struck or falling off a train on the Pennsylvania R. R. There were no witnesses to show how the accident happened.

October 6.—Charles Gustus; cause of death, Fracture of Skull by being struck by motorcycle. I made investigation and found that death was accidental and no one to blame.

October 8.—Isadore Simons; cause of death, injuries received in attempting to steal a ride on a N. Y. Central Passenger train, whereby he was instantly killed. I removed the body to my morgue and located friends in Rochester, where the body was shipped.

October 24.—Rudolph Errisman; cause of death, Valvular Heart disease.

November 13—I hold no moneys or other valuable articles belonging to persons upon whom I have held inquest up to this date.

Respectfully submitted,

CHARLES BLOOD.

State of New York,
County of Chautauqua, ss.

Charles Blood, being duly sworn, says that the foregoing report by him presented is just and true to the best of his knowledge and belief.

CHARLES BLOOD.

Subscribed and sworn to before me
this 13th day of November, 1916.

NELSON J. PALMER,
Notary Public.

Report of B. F. Illston, Coroner.

Report of E. B. Osgood, Coroner.

To the Honorable Board of Supervisors of Chautauqua County:

1915—

November 13.—Called to Westfield for Miss Jessie Law. Found that she died of Heart Failure.

November 14.—Called to French Creek. Case of Mrs. Elvira G. Austin, found suicide by Oxalic Poison.

Dec. 26.—Case of John Stahlberg, Brocton. While walking over the Nickel Plate tracks thirty rods east of the Depot Road crossing he purposely or accidentally fell in front of a freight train and was killed.

1916—

July 18.—Called to Stockton in case of Mrs. Elizabeth Hassett. Heart Disease.

August 4.—Called to Ripley, case of Mr. and Mrs. Chas. D. Peck of Pittsburg, Pa., who ran their Automoble in front of a fast passenger train on New York Central R. R. at Forsythe crossing. Both were killed instantly. I found that the train crew gave the usual warning signal which evidently was not heard. It is evident by the several accidents and loss of life at this crossing that it should be better guarded.

June 25.—Michael P. Corbett found on the tracks of the New York Central R. R. three miles west of Brocton. Evidently had fallen from freight train and been killed. By a badge on his person I located his people at Lackawanna.

August 26.—Called to Westfield, case of Charles Fitcro. Killed while stealing a ride on New York Central R. R. Located relatives at Clarksburg, W. Va., who took charge of remains.

August 28.—Called to Mayville jail in case of H. W. Kellen. I found he died from fractured skull caused by fall while walking on track of New York Central R. R. at Ripley. Struck his head against a rail causing fracture. In company with Sheriff W. H. Marvin, I visited Ripley and found facts as above stated.

Sept. 7.—Called to Westfield, case of Michael J. Clark, caught between cars of Nickel Plate R. R. and crushed. Acting as flagman on train.

Sept. 17.—Called to French Creek in case of George H. Darwin. Accidentally killed in automobile accident.

October 2.—Called to Westfield in case of Charles Furman, who was found in the night on the tracks of the New York Central R. R. with his skull crushed. I removed body to Carpenters' morgue, Westfield. The following day I identified him as Chas. Furman of Brocton and took him there for burial.

October 3.—Mrs. I. J. Van Scoy, Town of Chautauqua. Accidentally killed by being thrown out of a buggy when horse ran away.

October 22.—Case of Edward W. Charland. Had evidently fallen from freight train on Nickel Plate R. R. and been run over. I removed the body to my morgue and by papers found on person, I located a brother and sister who lived at Detroit, Mich. who took charge of body.

November 15.—Called to Sherman, case of Ernest Freeman. Found he died from natural causes.

December 10.—Case Lapolt Bedmer. Died of Heart Disease.

E. B. OSGOOD.

Report of Sealer of Weights and Measures.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—I submit the following as my annual report for the year ending November 14th, 1916, as required by Section 113, Chapter 137 of the Laws of 1910, known as the General Business Law.

I have tested and sealed and as other ways indicated, the following apparatus used in the County of Chautauqua, as shown on sheet No. 3 under "Summary of tests made".

I have in my official charge the following Standard and Working Apparatus, as shown on sheet 2 herewith.

I should be furnished a set of grain test weights, for use in testing Druggists' scales.

There have been no convictions this year. As a result of a general inspection this year, I find a decided improvement in all weighing and measuring apparatus, particularly wagon scales. Many wagon scale owners have given their scales a general overhauling and put in proper condition while others have replaced with new scales. Special attention has been given to gasoline pumps, as a rule they are correct and are operated properly by the owner.

Chapter 81 of the laws of 1912 has increased the work in this office to a great extent, which also increases the expenses of the Sealer. The State Department demands this work to be done irrespective to the pay he receives.

SUMMARY OF TESTS MADE.

Sample baskets, basket forms which are received from basket manufacturers for test are forwarded to the State Department at Albany, N. Y., and such tests are made by the Superintendent of Weights and Measures; although baskets of all kinds and containers are examined by the County Sealer as required by Section 17 of the General Business Law.

Respectfully submitted,

A. W. FORD,
County Sealer.

Report of County Superintendent of Highways.

To the Honorable Board of Supervisors of Chautauqua County:

Sirs:—I herewith submit the following, my second annual report for the fiscal year, ending October 31, 1916.

The amount of money available for highway work was	$118,065.27
The total expenditures were	102,456.03
Balance	$ 15,609.24
The amount of money available for Bridge work was	$ 58,563.15
The total expenditures for bridges were	50,539.35
Balance	$ 8,023.80
The receipts for Machinery fund were	$ 9,660.56
The expenditures were	8,523.11
Balance	$ 1,137.45
The receipts for Miscellaneous fund were	$ 16,198.37
The expenditures were	14,991.38
Balance	$ 1,206.99
The Town Superintendents in the several towns have built during the year 110 concrete culverts, costing	$ 10,204.52
There were also placed 215 pipe culverts, costing	6,347.89

Total for culverts	$ 16,552.41
The total receipts were	$202,487.35
The total expenditures were	176,549.87
Balance	$ 25,937.48
New bridge work consists of 37 bridges, costing	$ 32,158.17

The past year has been one of the busiest in the history of highway work in Chautauqua County. While the amount of work coming through my office this year was enormous necessitating much night work, it promises to increase, instead of decrease next year. There has been much work of interest this year, and which is new for this county. The most important of these for the future highway improvement in Chautauqua County is the commencement of a County and Town road system. Another interesting feature is the construction of a State Road by the Town of Mina.

During the winter while preliminary surveys were being made for State and County Highways, your County Superintendent along with the Town Superintendent in the various towns in which roads were being surveyed, co-operated with the engineers in regard to drainage and material. In this way some bridges and culverts were entirely eliminated or made smaller while in other cases they were made larger. By going over the road with the engineer he was acquainted with local conditions and better and more thorough plans were the result.

The town highway work owing to inclement weather during the spring did not progress as fast as desired, rain made this an impossibility. It was impossible to move much dirt without making a road worse than before. Finally it was decided to stop all heavy grading owing to the lateness of the season, and heavy sod. With all the heavy rains only one town suffered flood damage, namely Charlotte, where a great many bridges were damaged. Considering the weather, road conditions generally were fair. A great deal of honing was done in some towns, this being the only class of work possible. A new three way hone was tried out and did very good work. This machine was a recent invention. About three miles of highway were surfaced with slag, and twenty-five miles with gravel.

While the town highway work was not as good as desired, the past season was productive of some fine bridge work. Great care was taken in all large structures to procure a suitable foundation, and to make the bridges strong enough to carry any load which will ever pass over them. Appearance also was taken into consideration, and very few pipe railings were used, most of them being panel concrete. Greater care was used in obtaining good material for concrete. The construction of State Roads calls for many new bridges, and it has been our practice to use crushed stone concrete of a very rich mixture as a wearing top for bridge floors. As most of the roads are of concrete construction this gives us a bridge floor with the same wearing qualities as the pavement.

It has been my aim to make these new bridges permanent in fact as well as in name. The cost has been somewhat higher than in other years gone by, but their permanence will more than offset the small additional cost. Unfortunately there are a great many bridges and culverts in the county which were built as permanent structures but which are not, and will have to be rebuilt. I find there are three main reasons for failure; first, poor gravel used; second, unsuitable foundation; and third, owing to the lightness of the structure.

The most notable bridge work performed, meaning the most difficult was in the Towns of Hanover, Westfield, Poland and Ellington. The Town of Hanover again had the honor of doing the most extensive bridge work. Here two large structures were started, one of which is completed and the other will be if the weather holds good for some time longer. They are of reinforced concrete construction, one being an 80 ft. arch and the

other 90 ft. I beam being two 45 foot spans with a pier in the center. The latter is completed and is the finest structure of its kind in Chautauqua County. The arch also bids fair to be a masterpiece for this type of construction. Both bridges are laid on solid rock and no gravel was used for either bridge, the material being crushed limestone and screened lake sand. A new type of reinforcing was used on the arch.

The Town of Westfield repaired the arch bridge on the Mayville-Westfield State Road, replacing the wing wall which had been washed out. The noteworthy point about this particular job was the size of the new wall. This wall was about 40 feet high at the highest point, 3 feet in width at top and 10 feet at bottom, being battered on both sides.

The noteworthy feature of the bridge job in Poland was the building of new abutments, and the moving of the bridge a distance of 25 feet onto the new walls. The span of this bridge was 106 feet of truss construction. The walls were built with an eye for the future, each one resting on 28-14 inch piles which are from 25 to 35 feet long. While the present bridge has a road-way of 16 feet, the life of the old bridge was taken into consideration, and the walls made long enough to accomodate a bridge of wider road-way at some future date. Fine work was done.

The Ellington bridge over Clear Creek, and a County line job was done by the Town of Ellington. Here we have a sample of concrete abutments being undermined and all but toppled over into the creek. New abutments of much heavier construction than the old, built in front of the old walls and resting on a pile foundation, repaired this job. There are 26 piles under each abutment 25 feet long and projecting about one foot and a half into the concrete.

There are many other jobs which deserve favorable mention being located in the Towns of Ellicott, Harmony, Mina, Clymer, Sherman, Charlotte, Stockton and Chautauqua. The great majority of iron bridges in the county are too light for concrete floors and these bridges are receiving 2x4 floors as fast as possible. There were twenty-seven constructed during 1916. At this rate the plank floor will soon be a thing of the past.

The "Improved Highway" work has progressed very slowly owing to labor and material shortage. The cost of State Roads has also been much higher, owing to higher prices of labor and materials. Seven new contracts were let this year. It was necessary to advertise for bids three times before any were secured on one road. The Kenndy-Ellington C. H. was advertised once and no bids were secured. The roads let were as follows: Erie St., Mayville; French Creek-Findley Lake, Jamestown-Ashville, Foote Ave.-Jamestown, Hamlet-South Dayton, Silver Creek-Forestville, and the small job on the Mayville-Westfield Road. Eight contracts were left over from last year of which number three have been accepted to date. There are three more of these jobs which will probably be accepted by the first of the year.

Most of the maintenance work consisted of regular patrolmans' work with two exceptions. At Irving the Maintenance Department was forced to expend considerable money repairing flood damage. The Town of Hanover also spent a large sum of money at this point straightening the creek channel and building a breakwater. Extensive repair work was also done on the Falconer-County Line Highway, consisting of oiling and patching. Traffic was put to no inconvenience this year on account of oiling.

All new improvement work was of high-grade quality, being very closely inspected. The detailed report of State Roads is as follows:

Liberty Street-Fredonia. This road is of brick construction and one of the finest in the County. It was completed last fall but not accepted until this year.

Ripley-Sherman. There are three types of pavement on this contract, being cement concrete 16 feet wide, brick pavement 16 feet wide and the dual road 8 feet of brick and 9 feet of dirt. This road is completed and the quality of the road first class.

Cassadaga-Burnham. Of brick construction 16 feet wide. Work was not started until late in the season but notwithstanding good progress was made. There is every reason to believe this road will be completed this fall, and first class work was done.

Jamestown-Gerry. Of brick construction, width 16 feet. Progress on this road was again very slow, and it will take all of another year to complete this contract. The quality of the work is good.

Jamestown-Bemus Point. Of cement concrete construction, 16 feet wide. Progress on this road was exceedingly slow and it will be the middle of next summer before this road is opened to traffic, if better progress is not made in the spring. First class work was done.

Bemus Point-Dewittville. Of cement concrete construction, 16 feet wide. Good progress was made on this contract and it has been completed and accepted. First class work was done.

Dewittville-Mayville. Of cement concrete construction, 16 feet wide. A short stretch of macadam at the Mayville end has delayed acceptance. Fairly good progress was made on this road and it will probably be completed before snow flies. Good work was done.

Mill St.-Brocton. Of cement concrete construction, width 16 feet, is completed and accepted. Good work was done.

Erie St.-Mayville. Of brick construction. Work on this contract was started late but good progress was made and the concrete base is nearly all laid. The quality of the work is good.

French Creek-Findley Lake. Of dual construction, being 10 feet cement concrete. This is one of the contracts let late this year and the only one on which work has been done. This contract was awarded to the Town of Mina and excellent progress has been made. As a contract it is of interest, owing to the fact that this is the first time in the history of highway improvement in Chautauqua County that a town has taken such a job. The work done to date on this road is as follows: About 75% of the grading is completed, practically all of the culverts and bridges are completed, nearly 7000 feet of tile underdrain constructed, and crushed stone being hauled on the road. The Town Supt., Jason Skellie, has charge of the grading, while P. G. Harrington has the concrete work. Both of these men are doing good work.

There are five other roads under contract on which no work has been done to date.

The County and Town Road Work, which your honorable body authorized during the past season, was a decided success. The first road to be constructed under this system was the Clymer Village Road, which is one mile in length and of brick and gravel construction. This work was started last winter by hauling the paving blocks on the road and making of a preliminary survey. Grades were then established in the office and a location survey made in the spring.

Grading was commenced in May and construction work pushed as rapidly as possible thereafter. Local gravel was used for the concrete base and sand from the same pit for cushion. The nearest available grouting sand was at French Creek, but owing to the long haul, it was found to be considerably cheaper to import it from Erie, Pa. In addition to the mile of brick and gravel road paid for by the County and Town, the residents

of the Village of Clymer raised enough money to widen the pavement to 16 feet, for a distance of 902 feet, and also to extend a concrete pavement of a width of 16 feet for a distance of 270 feet beyond the mile.

The Town Superintendent, Carlton Vrooman, did the rough grading, constructed a bridge of 14 ft. span, and built 7 cast-iron pipe culverts. P. G. Harrington was the superintendent on the paving work and credit is due him for the efficient manner in which this work was conducted.

Expense on this job was subordinated to quality and one of the finest pavements in the county was secured. Had we had the equipment which the county now contemplates purchasing, the cost of this road could have been decreased some. However the figures which follow show that the price was considerable below State and County Highways of the same type. The distribution of cost is as follows:

Cost of 2 surveys	$ 19.25
Cost of Material	6,004.00
Cost of Labor	4,286.81
Total cost	$10,310.06

Most of the cost for material was for brick and cement. There were 118,000 brick used and 1,225 bbls. of cement.

In addition to the work going on at Clymer the construction of a slag road from Dunkirk to Silver Creek on the Lake Road was commenced. This improvement is 8 miles long; one mile being in Dunkirk and the remaining seven in Sheridan. About 4½ miles of this road are completed at this time and the average cost per mile was approximately $3,000.

The width of the metal on this road is 9 feet and the depth 8 inches. The width between ditches is 30 feet. The section in the Town of Dunkirk was laid over an old slag foundation and less grading and material was required for this section than for the remainder of the road. Henry Waldorff, Town Supt. in Dunkirk, had charge of this work and the management was good. Economical work was done as the figures show. The cost and distribution are as follows:

Length of Road	1 mile
Total Team Work	$ 916.18
Total Labor	367.60
Total Slag—1439.35 Tons	863.61
Total Freight on Slag	762.26
Total Cost	$ 2,909.65
Chautauqua County's Share	$ 1,250.00
Town of Dunkirk's Share	1,659.65

The slag road in the Town of Sheridan, which is known as County Road No. 3 is approximately 7 miles in length. This job was in charge of A. M. Geiger, Town Supt., and has in an efficient manner completed about 3½ miles of this road. The Town of Sheridan, before starting this work, bought 10 dump boxes and a slag unloader. This equipment is a great help and it is safe to say will pay for itself on this job.

No accurate cost figures are as yet available for this road. However, from present indications the cost will be in the neighborhood of $3,000 to $3,500 per mile.

Judging by what has been done the past season in County Road Work, it seems to me that we have proven conclusively that such work will be a success. Also, it seems to me that where a Town builds more than a mile of road in one season that this work should be in charge of someone else besides the Town Superintendent. The reasons for this will be readily

understood. Most of these men have from 50 to 100 miles of roads to maintain and their time should be fully taken up on this work. If it is not, the dirt roads in the Town are bound to suffer from neglect. By having a few foreman or handy men to move from one job to another, these men will soon become experts and thus give the Towns economical and efficient work.

Having constructed an expensive type of road and also what may be called a cheap type of road, we can watch maintenance cost in the next few years. While I favor a concrete road for about $7,000 a mile, I believe the slag road for some localities will fully answer the purpose. Regardless of cost, any improved road will pay for itself a good many times over if the construction is normally honest. Good roads pay bigger community dividends than the railroads. If any one is skeptical of a roads permanent dividends, let them go through a county that has been notorious for poor roads, and see the transformation that has been wrought, not only in the farms but in the small towns, by good roads.

There are two hundred and fifty thousand miles of railroads in the United States built at an average cost of $100,000 per mile. There are 2,500,000 miles of highway in this country which carry two hundred times the passenger traffic of the railroads and two and a half times as much tonnage. Furthermore, a railroad is of no importance without good roads.

The constant check on the roadbuilders' ambition is lack of funds. However, I note that at the last session of this Board the Progressiveness of the members was shown by voting to raise by direct tax the sum of $35,000 for County Roads, notwithstanding that the taxes had been increased by the great number of State and County Highways under construction or placed under contract.

In addition to the money for State and County Highways and County Roads, we have two other sources of revenue for road purposes next year. One of these is Federal Aid while the other is our share of the automobile license fees collected within the County. It is obvious that all of the first named should be applied to Route 18. The second fund must be used entirely for hard surface roads. The apportionment of this fund shall be made by the Board of Supervisors. This will amount to from $13,000 to $15,000 per year and must be expended as a separate fund in the Town or Towns to which it has been apportioned. No other money or monies can be added to this fund. In my opinion some road starting at one point and leading to another point should be chosen, regardless of Towns, and this money applied building as far as the money will go each year until completed. The road chosen should be some important gap on a cross county road whose improvement by the State is doubtful.

For the purpose of doing County Road work there was purchased on the authorization of your honorable body, surveying tools consisting of:

1 engineer's transit.
1 planimeter.
1 set of drawing instruments.
1 100 foot chain.
1 50 foot steel tape.
1 scale.
½ doz. cross section books.
1 level rod.
2 ranging poles.

In addition to the above, which is the property of the county, there was purchased:

One Slag and Stone Unloader.
One Gravel-Washing Machine.

The surveying tools were used for the following purposes: For giving line and grade on County Road No. 1; for laying out Waterboro Bridge; for laying out Silver Creek Bridge and giving grades; for giving grades for three drainage ditches, and for laying out proposed roads on jail grounds. The unloader and gravel washer are being rented by the Town of Mina for the purpose of building State Road.

A detailed report, by towns, will be made for the State Department and a copy of same filed with your clerk, as provided by law.

All of which is respectfully submitted.

WM. J. KNAUER,

County Superintendent of Highways.

STATE BOARD OF CHARITIES
Office at the Capitol.

Albany, N. Y., Dec. 21, 1916.

Board of Supervisors of Chautauqua County, Mayville, N. Y.:

Gentlemen:—The State Board of Charities transmits for your consideration the enclosed report of the recent inspection of the Chautauqua County Almshouse, made by Inspector Ellis on October 16, 1916.

The State Board of Charities has considered this report and placed it in Class I as to Plant and Class I as to Administration.

Yours respectfully,

CHARLES H. JOHNSON,
Secretary.

State of New York State Board of Charities Department of State and Alien Poor.

Report of an Inspection of the Chautauqua County Almshouse.

Made by Inspector E. H. Ellis, Oct. 16, 1916.

Superintendent of the Poor, Chas. E. Dodge began service Jan. 1, 1903. Railroad Station and Post-Office Address—Dewittville, N. Y.

LOCATION.

The Chautauqua County Almshouse is pleasantly situated near a little stream, about a mile from the village of Dewittville. The nearest station is that of the Jamestown, Westfield & Northwestern Electric Road.

THE BUILDINGS.

Directly in front is the Main Building, containing the office and the residence of the Superintendent, with a dormitory wing for women inmates on the left and another of similar construction for male inmates on the right. On the first floor of the male dormitory is a ward known as the "blind ward", which is occupied by infirm or crippled inmates.

At the rear of the main building is the service division with a large kitchen and pantries. Directly behind the administration building is the hospital. On the first floor are service rooms, kitchen and a small dining room for women patients. The wards for women are also on the first floor and those for men are on the second floor where a dining room is provided for ambulating patients. The new front portion of the hospital building is unused with the exception of the closets and the quarters for the nurse. During the crowded winter months, male inmates sleep in these new wards. The chapel is also in this section.

Other buildings making up the plant are a two story brick laundry building, a brick creamery, gas house, cold storage building, morgue, hog-pens, hen houses, horse barn, carriage house and cow stable. At one side of the well-kept grounds is a detached one-story wooden pavilion for the isolation of contagious or infectious diseases.

IMPROVEMENTS.

Improvements to the plant and equipment during the year include the following.

1. The making of new cement fence posts to be used for farm fences.

2. The installation of lightning rods on all institution buildings.

3. Metal ceilings in the dining rooms, sitting room and office of the administration building.

4. A new lavatory section in the hall of the administration building.

5. Two new verandas, 12 feet wide by 60 feet long on the rear of the hospital building, on both first and second floors, making egress to the fire escapes much less difficult and affording access to the fresh air for the hospital patients.

6. Considerable interior painting.

FIRE PROTECTION.

All of the almshouse buildings, with the exception of the isolation pavilion, are constructed of fire resisting material. The interior wooden stairways and floors would burn readily. There are two stairways in each dormitory wing. Three exterior fire escapes are located on the front of the hospital building and two at the rear. Exit to these fire escapes is through windows, but an additional method of egress is now provided by a door opening outward on each of the new varandas on the first and second floors of the hospital building. On the second floor of the hospital building the window opening on the fire escape is obstructed by a radiator placed directly beneath it.

Stand pipes with one hundred feet of hose attached are located on each floor and filled fire buckets are to be found on all floors. Twelve liquid chemical fire extinguishers are distributed through the buildings. They were re-charged in June 1916. The purchase of additional fire extinguishers is recommended. Hydrants on the grounds afford exterior protection. The water supply in storage is contained in two reservoirs. The pressure is said to be adequate and the supply unfailing.

WORKING EQUIPMENT.

The buildings are heated by steam and lighted by acetylene gas generated in the gas house. Sewage drains into a creek and thence into Chautauqua Lake. An abundant water supply is piped from springs to the almshouse. The power laundry plant occupies a two-story brick building and the equipment includes rotary washers, a mangle, extractor and dry racks.

HYGIENE AND SANITATION.

The interiors of the buildings are clean and orderly. Dormitories are well lighted and ventilated. Some mattresses are used but in many instances straw ticks are preferable as they may be readily destroyed in case of need. In the dormitory buildings the beds were well made and supplied with suitable bed clothing. Bed linen and the inmates' clothing, which is individualized, are changed weekly. Toilet and lavatory facilities seem to be adequate and they were found in good condition. Staining of the toilets from the mineral deposit in the water appears to be unavoidable. Portable tubs which may be moved to the bedside are provided for both hospital wards. All inmates are required to take weekly baths. The laundress oversees the bathing of the women and the engineer that of the men.

CARE OF THE SICK.

Women are cared for in the two wards on the first floor of the hospital building and men in the wards on the floor above. In the one story isolation pavilion a syphilitic patient was found, apparently receiving good care from an inmate helper who lives in the pavilion. A practical nurse, who has been n the employ of the Institution for some time, cares for the women patients and a male attendant has charge of the men. In both male and female wards, acute cases are kept in a smaller ward which can accomodate six or eight beds. The need of single rooms for disturbed or moribund cases is very urgent.

In the small ward at the end of the women's ward on the first floor, a tubercular patient, Mrs. Santa Prisitelli, is ill in bed in the room with the other patients. Although every precaution is doubtless observed to guard against the danger of infection, she cannot fail to be a menace to those who are ill in the room with her. She should be transferred to a sanitorium as speedily as possible.

The hospital census on the day of inspection included: Males 40; Females 23; Total 63.

The meals served to the hospital patients on the day of inspection were the same as those served to the inmates in the dormitories. Dr. J. H. Kellogg, who resides at Bemus Point, five miles distant, calls at the institution every other day and oftener if summoned. He was present on the day of inspection.

In the women's main hospital ward and also in one of the wards for male inmates, vermin was present. The attention of the nurse and attendant was drawn to them.

THE KITCHEN AND DIETARY.

The kitchen at the rear of the service building is properly equipped with the necessary cooking utensils. It was clean, orderly, well lighted and ventilated. All closets for dishes were in good condition. Racks filled with apples in the process of drying for winter use were suspended over the stove. An experienced cook has charge of this department. It is recommended that the large wooden sink extending along one side of the kitchen be lined with zinc. It would by this means be rendered odorless and much more sanitary and useful.

In the separate dining rooms for men and women, red and white cotton table cloths are used, with stools for the men and chairs for the women. Some crockery dishes and some very badly chipped enamel ware dishes were in use. It is recommended that crockery dishes be purchased and the use of the enamel ware be discontinued. Your inspector was present at dinner and the meals served to the inmates on the day of inspection were as follows:

Breakfast—Warmed Potatoes, Oat-flake, Bread and Butter, Coffee or Milk.

Dinner—Roast Beef, Potatoes, Gravy, Bread with Butter (for sick), Tea or Milk.

Supper—Warmed Potatoes, Bread and Butter, Cake and Tea.

The menu is varied by the addition of sauces, maple syrup, soups and fresh meat. Those who work receive extra rations. Bread is well baked and appropriately stored.

THE FARM.

The farm contains about four hundred and eighty acres of land, of which about two hundred acres are under cultivation. The farm buildings appear to be suited to the needs of the institution. The brick creamery, which is in charge of an experienced dairyman, is well equipped with all appliances for butter-making, and it was found in an immaculate condition. The live stock includes ninety-five head of cattle, forty-four swine, seven horses, five hundred hens and chickens, one hundred turkeys and thirty-nine ducks.

THE CENSUS.

The census of the institution on the day of inspection, together with a classification of the defectives present is given below:

	Male	Female	Total
Number of Inmates	103	43	146
Classification of Defectives—			
Blind	2	0	2
Deaf Mutes	1	0	1
Feeble Minded Persons and Idiots	5	3	8
Epileptics	2	1	3

RECORDS.

The records of the institution are kept in the administration office. The last entry was number 1378 and bore the date October 10, 1916. Since the last inspection Jan. 29, 1916, sixteen deaths have occurred at the almshouse and there have been no births during the period.

OFFICERS AND EMPLOYEES.

A list of the officers and employees of the institution, together with the position and compensation of each, includes the following:

Name Position	Compensation
Chas. E. Dodge, Superintendent of Poor	$2,400 per year
Mrs. C. E. Dodge, Matron	600 " "
George Ohleen, Foreman)	
Mrs. Geo. Ohleen, Administration Cook)	700 " "
Mrs. Florence Warren, Nurse	350 " "
Frank E Rounds, Attendant)	
Mrs. Frank E. Rounds, Domestic)	600 " "
Burt Cash, Farmer)	
Mrs. Burt Cash, Inmates Cook)	600 " "

Dr. J. H. Kellogg, Physician	400 " "
Rev. E. P. Smith, Chaplain	80 " "

Religious services are held at the almshouse every two weeks except during the months of July and August.

CARE OF THE DEAD.

Bodies are kept in the morgue at the back of the laundry building while awaiting burial. In the event of death relatives where known are notified and a record of burials is kept. There is a religious service at burial and markers are furnished for the graves.

Respectfully submitted,
EVELYN H. ELLIS,
Inspector.

To the State Board of Charities, Albany, N. Y., Oct. 25, 1916.

NEEDS.

The principal needs of the Chautauqua County Almshouse, as indicated in the foregoing report, are given below.

1. The purchase of additional liquid chemical fire extinguishers.
2. A zinc lining in the large wooden sink in the kitchen.
3. The provision of at least two single rooms in the hospital building for disturbed or moribund cases.
4. The transfer of the tubercular patient to a sanitorium.
5. Additional quarters for male inmates.
6. White crockery dishes to replace those of enamel ware now in use.

Respectfully submitted,
EVELYN H. ELLIS,
Inspector.

Report of Committee on State Benevolent Institutions.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen:—Your Committee on State Benevolent Institutions submits the following report:

July 31st we visited the Gerry Home and Orphanage at Gerry, N. Y.; the Gustavus Adolphus Orphanage at Jamestown, N. Y., and the Western New York Society for the Protection of Homeless Children at Randolph, N. Y.

August 1st we visited the State Hospital for Insane at Gowanda and found the Superintendents of the different institutions ready and willing to show us over the grounds and through the buildings, although they were not notified of our coming.

Here we found play rooms, library, reading and recreation rooms where they could enjoy the comforts of life much better than many in their own homes. The sleeping rooms are divided into separate apartments for boys and girls and in numbers in each room that would be sufficient to insure good air and health. The beds were clean and rooms arranged so that there was plenty of room for each child to have a bed by itself. The rooms were taken care of by the older children under the supervision of the ever-present attendant, who seemed to be loved rather than feared by the children.

The Gerry Home has fifty inmates and 60 acres of land. The Randolph Home has 186 inmates and 150 acres of land. The Gustavus Adolphus Home has sixty-three inmates and 86 acres of land. St. Mary's Home at Dunkirk has 73 inmates. This Home owns a farm some distance from it and the principal part of the work done on this farm is by the boys and girls from the Home under the supervision of competent attendants. Too

much cannot be said of the good work these institutions are doing. Special mention should be made of the buildings and grounds of the Randolph Home. Their large playrooms, nurseries, dining and sleeping rooms are so well kept that hardly a mar or scratch can be seen upon the bright varnished woodwork. They have a fine school building, well equipped with modern school equipment. They are a district by themselves and work under the State School Law. The day we were there the children had been taken to Chautauqua Lake in automobiles furnished by the citizens of Randolph. We judged by the action of the children that they enjoyed the day very much. We complimented Mr. Merrill and his assistants upon the conditions which exists in the Randolph Home.

The Gowanda State Hospital with a normal capacity of 950 has 1300 inmates The crowded condition seemed to be worked out by the superintendent so that little inconvenience could be noticed. They have 500 acres of land upon which a large share of the work is done by the patients as well as the work inside the buildings, under the supervision of competent overseers. We were welcomed and shown over the grounds and through the buildings.

On September 20th to 28th we made a trip through the state and visited Le Coutelx St. Mary's School for Deaf Mutes at Buffalo, N. Y.; the New York State School for the Blind at Batavia, N. Y.; the Craig Colony for Epileptics at Sonyea, N. Y.; the Western New York Institution for Deaf Mutes at Rochester; the State Custodial Asylum for Feeble Minded at Rome, N. Y.; the State Custodial Home for Feeble Minded Women at Newark, N. Y.; the State School for Feeble Minded Children at Syracuse, and the New York State Training School for Girls at Hudson, N. Y.

The Superintendents of these Institutions seemed to take pride in giving full details of their work. We had every opportunity to talk with the inmates, who expressed themselves as happy and content with their surroundings. We cannot express ourselves too emphatically upon the fine conditions under which these people live. The beautiful buildings and grounds, court halls, gymnasiums, schoolrooms, dining rooms and sleeping rooms with their system of care, which is done by the inmates. This keeps them content and gives exercise. We were informed that there would be no sleep if patients did not have work or exercise in some way at one of the institutions for feeble-minded. There were about sixty women and children marching around the grounds formed two and two with two of the inmates playing snare drums at the head of the procession. These were people with very little mind simply out for physical exercise.

The work at St. Mary's at Buffalo and the Western New York Institution for Deaf Mutes at Rochester is a wonderful work. We saw the children in class rooms and in the industrial departments where they were being taught to talk and learn different trades. The most wonderful is the work of teaching them to talk by vibration. The student places his hand upon the throat of the teacher while she speaks the word until the pupil makes the sound or word. The girls have all kinds of house work as well as printing, weaving, machine knitting and dressmaking. The boys learn carpenter work, painting and various other trades.

The three institutions for feeble-minded are certainly worthy of mention. These people are kept in grades according to their mental capacity. The men, women and children, each by themselves, have a certain amount of work to do in taking care of the building and doing the farm work. At Rome, N. Y., they have 600 acres of land to work, which is done practically all by the inmates. Dr. Charles Burnstine, superintendent, informed us that he is renting several farms outside and forming colonies for the netter classes and paroles many patients from these places. Many of the inmates become able to take care of themselves. The Doctor is very much alive to his work and we believe the right man is in the right place.

The Home for feeble-minded women at Newark is worthy of mention. There are 853 inmates. They have 103 acres of land which is worked by the younger women. They have a time for work and a time for recreation. Here the young women have ball teams, tennis courts, etc. While we were there two of them were playing baseball and handling the ball and bat better than many amateur teams. We certainly complimented Dr. Nevins, the superintendent, upon the work he is doing.

The Committee was most forcibly impressed with the conditions at Hudson, where is located the New York Training School for girls. This institution is under the management of ladies entirely. Hortense Bruse is superintendent. The work here is done entirely by the girls. We saw vegetables and fruit being brought and arranged for the winter, raised under th management of a farm boss, who was a lady well learned with the art of farming. In the basement they canned fruits and vegetables and in other departments various other industries were taught. We were impressed by the neat and clean conditions that existed everywhere. The lawns, walks and shrubbery were all cared for by the girls, whose ages range from 12 to 21 years.

CHAUTAUQUA COUNTY.

We feel that it is the duty of the committee to mention the work at our county institution under the management of Superintendent and Mrs. C. E. Dodge. The people of Chautauqua County little realize the work done and the conditions under which our county dependents live. To inform themselves only requires the effort to go there and be shown the buildings and grounds by the management. We cannot over-estimate the work of Mr. and Mrs. Dodge. The farm is made to pay several thousand dollars into the County Treasury each year besides a large amount of produce raised and used by the inmates.

The Committee has met at the County Farm quarterly and have audited the following bills rendered by the charitable institutions of the state in which the county has inmates:

Report of Highway Committee.

To the Honorable Board of Supervisors of Chautauqua County:

Gentlemen.—The importance and magnitude of good roads and their maintenance are not generally and fully understood by the public. The people's investment in roads at the present time is far greater than all public and state institutions with all public school buildings included.

There are in round figures 80,000 miles of public thorough-fare outside of cities and villages in the State of New York of which 6,000 miles have been improved or under construction at the present time. The average road being about 60 feet in width or 7 1-5 acres to each mile, making a total of 576,000 acres embraced in right-of-ways in the State, valued conservatively at $40.00 per acre or a total of $23,040,000.

The permanent improvements on these roads including bridges, culverts, grading and surfacing, are without doubt worth $90,000,000 00.

We have then at least an investment of $113,040,000.00 in highways and with continued progress in permanent improvement they will very rapidly over-shadow the cost of all the construction of railroads and property thereto within the borders of the state.

In Chautauqua County a beginning has only been made in the last few years in the betterment of its share of this great property and it can be readily seen that this work is of mutual interest and benefit to the whole state.

Better roads mean more to the people from their commercial, social and educational value to civilization, strategic military importance to the nation, and rural service to the federal government, than any other public matter and more attention is now given to the business administration of road building, improvement and maintenance, than any other public affair.

The cities under the present traffic conditions are very much concerned in better roads, and in the agricultural districts they are an urgent necessity. The development of our scenic attractions is of mutual concern to all, especially Chautauqua Lake with its beautiful charms has caused its shores to become dotted with costly and magnificent summer homes and makes it one of the greatest resources of our county, of which good roads are in a measure responsible.

From general statements received from representatives of automobile clubs throughout the county, at least 12,000 cars carrying 48,000 passengers

visited Chautauqua County during the past summer and that the average time spent in the County was not less than one day; that each person spent not less than $1.50 per day or a total of $72,000.00 left by these visitors in this County's business channels.

This traffic will build up our villages, increasing their business and valuations, and will furnish to the farmer increased and better markets for his products, so that the farmer is directly interested in the tourist business.

Not long ago the farmer led a life practically apart from the world and in many cases, as soon as finances permitted, he migrated to the city. The advent of good roads has reversed the direction of travel and in the cities the cry now is "Back to the farm".

With rural delivery, the telephone and the automobile, the farmer in many sections is continuously in touch with the world, but in sections where the roads become impassable during a part of the year, the residents are about isolated during the period of greatest leisure.

A poor road system renders impossible any genuine community of social interest among country people. That important factor in the betterment of the conditions of country life, 'rural delivery', depends for its efficiency upon the condition of the roads.

The improvement of roads has become a national issue and the Federal Government will assist the States in construction of same by expending $150,000,000.00. Appropriations for the present year ending July 1, 1917, authorized by Congress are $5,000,000 00. For the four succeeding years they are respectively $10,000,000.00; $15,000,000.00; $20,000,000.00 and $25,000,000.00. The allotments of the Federal appropriation will be made by the Secretary of Agriculture, one-third being based on the ratio of which the population of each State bears to the total United States population according to the latest census; one-third in the ratio which the mileage in rural post roads in each State bears to the total national mileage, and one-third in the ratio which the area of each state bears to the total area. The approproximate apportionment of this year's appropriation, less three per cent for administrative expenses, with those of other years in proportion for the State of New York, is $258,500.00 or $3,877,500.00 covering the period of five years.

The law provides, however, that no government money shall be available unless the states spend an equal amount, matching the government contribution dollar for dollar. The construction work and labor in each state is to be done in accordance with state laws and under immediate supervision of the state highway department, subject to inspection and approval by government engineers. This leaves the states in control of the construction subject only to insure good designs. The State of New York will undoubtedly avail itself of this opportunity, in which event Chautauqua County should be on the alert to secure its proportion, which should be used to hasten the completion of that part of State Route known as No. 18 within this County.

The several counties of the State, through recent highway legislation, will participate in automobile license fees, to be used for permanent highway improvement. Chautauqua County will receive as its share for the coming year, approximately $13,000.00 which should be the commencement of improving some highway that is logically situated and would give the most possible benefit to the traveling public.

Acting under authority of Sections 320 and 320-A of the Highway Law, Chautauqua County is proposing a system of improved roads that will place this county ahead of most localities in highway improvement. If the proposed plan is adopted, and there is every indication that it will be, as each supervisor in the county has asked for some particular road in his

town, which taken together will make a connected and a comprehensive system, it will be necessary to have a bond issue covering a certain period of years to make money available yearly, or a pay as you go plan, raised by direct tax. The latter perhaps would be the most satisfactory, but either would bring about the desired results. These are points to be remembered for the reason the proposed County and Town system is twofold. First to open the farming sections to easy and quick transportation of their products, and second to induce the tourist, the health seeker and the wanderer to visit our summer resorts.

During the year three towns in the county have made application for road improvement under the County and Town Highway Law, viz: Clymer, Dunkirk and Sheridan.

The Clymer road is of the dual type, being 16 feet in width, 8 feet of brick and 8 feet of gravel and is perhaps one of the best constructed roads in the county. The Dunkirk-Silver Creek road is of slag construction and promises to be an excellent road when completed. These roads were constructed by Town Superintendents and under the supervision of County Highway Superintendent, Wm. J. Knauer, to whom great credit must be given for the business-like manner in which these roads were constructed, and with the large increase of cost in labor and material, these roads were built within their estimates, which were lower than those submitted by contractors for this type of roads before the advance of cost of construction. This demonstrates very conclusively that Chautauqua County can build its own roads and at a greatly reduced cost.

During the year, three county highways have been accepted, viz: Brocton Village; Liberty Street, Fredonia and Cassadaga-Sinclairville Part 2. Also the Bemus Point section of State Route No. 4.

At the present time there are four county highways under construction, viz: Ripley-Sherman; Cassadaga-Burnhams; Jamestown-Pratt Corners and French Creek-Findley Lake, the latter being constructed by the Town of Mina, thus creating a new inovation in road building, whereby a town acts as contractor and bids fair to make a success.

Forestville-Silver Creek; Fredonia-South Dayton Part No. 3; Foote Avenue, Jamestown and Jamestown-Ashville county highways are under contract, while Boss Corners-Ellington and Gerry-Sinclairville roads are ready for advertising.

Progress on the Jamestown-Bemus Point portion of State Route No. 4 is being made at a snail's pace and has been a nuisance to the traveling public for the past two years. The other portions are making fair progress, and mention should be made of the widening of improved highway abutted by the County property in the Village of Mayville, which has very materially added to its appearance.

All of which is respectfully submitted.

Report of Special Committee on Tax Deeds.

Your Special Committee on Tax Deeds would report that the old accumlation of tax deed sales has been cleaned up to such an extent that few meetings of the Committee have been required the past year.

The withdrawal from tax sale, of parcels acquired by the County under prior sales, has been continued, saving a considerable sum in the expense of advertising.

A number of sales have been effected through the efforts of the Committee; the most noteworthy being a transaction, involving over 200 parcels in the town of Busti, in which instance, the parcels included were withdrawn from second advertising, at a saving of over $500 to the County, and payment of the return taxes for the year 1915, was also secured, preventing a like amount of expense from new sales.

The County still has a number of unsold parcels in various sections, some offers have been received for a part of them, it has been the policy of the Committee to dispose of the County's property as soon as reasonable amounts can be obtained, and it is hoped that the greater part of such property can be disposed of during the coming year.

There remain upon the records a few sales, which for various reasons such as erroneous assessment, failure to file notice, or other irregularities, the County is unable to secure title, we attach a list of same herewith and recommend that such sales be cancelled and that the amounts set forth opposite the Certificate Numbers, be charged back to the County Treasurer.

Mr. Palmer, Chairman of the Special Committee on Salaries of County Officers and Employees, submitted the following report on Thursday P. M., Dec. 14th, 1916. Mr. Doty moved that a consideration of the report be made a special order for Friday at 11 A. M. On Friday, Dec. 15th, at 11 A. M. the report of the Committee was taken from the table and discussed. Mr. Bennett moved that the report of the Committee be considered section by section, which was adopted.

The Report, as amended by the Board, follows.

To the Board of Supervisors of the County of Chautauqua:

Gentlemen:—The undersigned committee to whom was referred at the last session of the Board the investigation and classification of the salaries of the County officials and employees, beg to report:

We have investigated the salaries and wages paid to substantially all of the county officers and employees and have attempted to classify and make certain recommendations in regard to the employees according to the services which they perform, but so far as the principal county officials are concerned and their salaries, we have deferred making any recommendations for action at this time, but submit for your approval our views concerning salaries generally in Chautauqua County.

The County Judge and Surrogate each receive a salary of Two Thousand Dollars ($2,000) per year, and each is permitted to practice law. Since these salaries were fixed and established the duties of both officers have substantially increased and they are required to devote more than double the amount of time to the work than was required when these salaries were fixed. It is probably a fair estimate that the County Judge and Surrogate each devotes fully one-half of his time to the affairs of his office. Each is permitted to practice law, and you will find the Surrogate appearing in the County Court and the County Judge appearing in the Surrogate's Court and both appearing in the Supreme Court. Perhaps the fact that they are the Surrogate and County Judge ought not to lend any particular halo while they are acting as Attorneys, yet the attorneys of the County generally feel that when they are opposed to the County Judge or Surrogate, their client is laboring under a handicap, as the influence and argument of an advocate, who part of the time is appearing as a Judge, seems more forcible to the average jury than the argument of an ordinary attorney. Considering the amount of work which they do, the skill required, the importance of the office, the increased population and business of the county, we feel that it would be proper for the county in the near future to consider the advisability of increasing the salary of each to an adequate compensation and requiring each to devote his entire time to the business of the office and prohibiting him from practicing law. With this arrangement, if one should be located in one assembly district and one in the other, each having coordinate jurisdiction to act as Surrogate, as well as County Judge, there would be open for the transaction of the business of the County at all times an office where any County Court work or Surrogate's court work could be transacted. We believe, with this arrangement, the office of the Special County Judge and Special Surrogate could be abolished, and the work of these officers performed by the County Judge and Surrogate, respectively, without inconvenience to any of the litigants or tax-payers of the County, and the saving accomplished by the abolition of these offices would in part make up the additional salary of the County Judge and Surrogate.

The District Attorney of the County receives a salary of Eighteen Hundred Dollars ($1,800) a year, and the Assistant District Attorney has been receiving one Thousand Dollars ($1,000) a year. The District Attorney and his assistants are allowed their necessary expenses, and the District Attorney has heretofore been allowed $25 per month for paying his stenographer. We believe that the time is not far distant when the importance of the affairs of the County will demand that the salaries of these officials

be substantially increased. From investigation we find that the salaries paid in other counties of less population and less business than ours is substantially larger than paid here. For the present time we recommend that the salary of the District Attorney remain as it is but that he be allowed an additional $25.00 per month for his stenographer.

The Assistant District Attorney looks after substantially all of the business in his end of the county and has heretofore been receiving, as we have said, One Thousand Dollars ($1,000) a year. We believe that under the division of the criminal business of the County, the amount of work required by the Assistant District Attorney, that his salary should be increased from One Thousand to Twelve Hundred Dollars a year. The salaries of both, however, we believe in the near future will demand a substantial increase if we are to have the county represented by men of the caliber, ability and skill that the business of the County demands.

The Sheriff's office is conducted on a salary of Five Thousand Dollars a year. From this, the sheriff pays his deputy and turn-key or under-sheriff and all expenses. All civil fees for execution of all civil process are turned over to the County. This arrangement puts a premium on a slack administration of the civil business because the more diligent and active a sheriff is on civil business in his endeavor to collect executons, serve processes and make attachments and execute other civil processes, the more expense and work it makes him and consequently takes from his own pocket and inures to the benefit of the county. While there has been no special criticism of any sheriff under this plan, we believe that the Sheriff, in addition to the salary which he receives, should have the legal fees prescribed for the service of civil process. If he can get a fee for collecting an execution, he will be more diligent than he will if a collection is going to cost hims some of his salary. It is important that the people of the county should have adequate, ample and efficient action in the execution of its civil processes, and many things are necessary to be done by the sheriff, and if he is diligent and successful in these matters he should be rewarded by being entitled to the fees which the law prescribes for those services, so it is earnestly recommended that action be taken by the Board so that the next sheriff to be elected may have a salary of Five Thousand Dollars ($5,000) in addition to the fees allowed by law for the service of civil processes.

The County Treasurer receives a salary of Thirty-five Hundred ($3,500) per year. He pays his own assistants and conducts his own office. While his salary is not large and the business of the office has been substantially increasing in the past years, yet we feel that in view of the low salaries paid to all the other county officials, his should remain the same.

The Superintendent of the Poor receives a salary of Twenty-four Hundred Dollars a year and living expenses. His wife, the matron of the county farm, has a salary of Six Hundred Dollars a year, and her living. Their work has been entirely satisfactory, and neither has asked for nor expects an increase, so their salaries we recommend remain the same.

The Clerk of the Board of Supervisors receives a salary of Two Thousand Dollars ($2,000) a year and pays his own expenses. The efficient work which our present clerk has done we all know. He has asked for no increase and until the time arrives when there shall be a substantial adjustment of the salaries of the county, we recommend that his salary remain the same.

The Election Board, or Superintendent of Elections of the County, each receive One Hundred Dollars ($100) a month and pay all clerk hire and additional help required in the office. The administration of the affairs of this department has been efficiently and capably done; both the incumbents of the office feel that the salaries paid are adequate and sufficient. We believe the Legislature which created this department, however, was unwise and that it is unnecessary, that the office of the Board should be abolished

and the work of this department conducted by the County Clerk as formerly, and while we commend the efficiency of the present incumbents of the office, we believe that the interests of economy would warrant the abolition of this office and transferring of these duties to the county clerk. This, however, is a matter of the State Legislation, which no doubt will receive due attention from our representatives in the Legislature.

The County Sealer of Weights and Measures is an office created under the laws of the State, and it is necessary for us to have such an office. The salary is $1,000 per year and we recommend no change.

Mr. Pringle of Harmony moved that the recommendation of the Committee in regard to the FARM BUREAU be disapproved and that the same be stricken from the minutes, which was adopted.

County Agent for Dependent Children. This department has been efficiently managed, has accomplished substantial good where the activities have been most pronounced. There are, however, sections of the county which seem to have received little, if any, benefit from this department. We recommend no change in the salaries or expenses.

Special Surrogate receives Four Hundred Dollars per year ($400). We recommend that his salary remain the same.

Special County Judge. The Special County Judge has been receiving a salary of Six Hundred Dollars ($600) a year. We recommend that this be increased to Nine Hundred Dollars ($900) a year. Since the salary of his office was established, the jurisdiction of this officer has been by legislature substantially increased and as a result the Special County Judge has been called upon to perform practically all of the judicial duties of the County Court in his neighborhood From the report of the business transacted the past year by the present County Judge, we feel that his salary should be increased by Three Hundred Dollars ($300) as above indicated.

The County Superintendent of Highways was created some few years ago and we have had two incumbents of that office. First, Mr. Leet, who began on a salary of One Thousand Dollars ($1,000) a year with a limited expense account. This was, prior to his death, increased to Twelve Hundred Dollars ($1,200) a year, and his expense account allowed. Since his death, the business of the highway department has increased and with the policy adopted by this Board of constructing town and county roads, it will require more time and more skill on the part of the County Superintendent. The salary of the County Superintendent is Twelve Hundred Dollars ($1,200) a year with expenses allowed based on an amount of about Seven Hundred Dollars ($700). No office room or assistant is provided for the County Superintendent, and he has asked that both an office room and a stenographer be allowed and a substantial increase in salary. We, however. feel that all of these requests cannot be granted, and while it is convenient to officials to have offices in the community where they live, we believe that the best interests of the county demand that all county offices be at the county seat, so people having business with all parts of the county should come to Mayville, the county seat. The present incumbent was appointed less than two years ago for a term of four years at his present salary. We could not discharge him owing to civil service laws, nor reduce his salary. So under the circumstances we recommend that it remain the same until the expiration of his term of office.

The Clerk of the Surrogate's Court receives a salary of Twelve Hundred Dollars ($1,200) a year. The present clerk has held this office for 43 years. The salary was established at this rate several years ago. Since the establishment of the salary, the duties and responsibility of the clerk of the Surrogate's Court have increased many times. This office is one of the most important in the county. The present incumbent is probably one of the most skilled Surrogate clerks in the State. He is familiar with the law,

the practice, the procedure and the court, looks after the details of the office, is courteous and obliging to all patrons. Many believe his salary should be increased but as no general increase of salaries is recommended, we believe his salary should remain the same until action is taken on the others.

The office of Recorder and Librarian in the Surrogate's Office has been receiving a salary of $66.66 per month. This is the prevailing rate for recorders with $100 added for his duties as librarian. We report it should remain the same. The other recorder receives $58.33 per month, the same as paid recorders in the other offices. This should not be changed.

The Janitor of the County Buildings receives $100 a month and pays his own assistants. We recommend no change.

The Surrogate's Stenographer receives Seventy-five Dollars ($75) per month. We believe this should not be changed.

County Clerk's Office. The County Clerk receives a salary of Two Thousand Dollars ($2,000) per year and in addition receives the fees from the naturalization of aliens under a Federal statute. Our investigation discloses these fees amount to $400 a year, so that the county clerk for his services is receiving substantially $2,400 a year. By Legislation enacted within the last two years, the responsibility for errors or mistakes of his assistants and employees has been practically eliminated, and each employee is under bond to the people of the State of New York, and he and his bondsmen liable for his own errors. With this arrangement, we feel, as does the present county clerk, that the salary is adequate, and in proportion with the other salaries paid in the county, and the present county clerk expressly says that he does not ask or expect any increase in salary.

The first Deputy Clerk receives a salary of One Hundred Dollars ($100) a month, or Twelve Hundred Dollars ($1,200) a year. This is an important office, but the salary is in our judgment adequate and sufficient.

The second Deputy Clerk receives a salary of $75 per month. This office was created during the past year and filled by the appointment of the county clerk. The County Clerk advises us that if Mr. Peterson is made Index Clerk he can also be appointed and act as Second Deputy. With this arrangement we are advised by the County Clerk that the office of the Second Deputy Clerk is no longer necessary or essential, and we therefore recommend that the separate office of Second Deputy Clerk be dispensed with. (Mr. Stebbins of Hanover moved to amend the report in regard to office of Second Deputy and that the office be continued until such time as the County Clerk believes that the office can be dispensed with without injury to the work of the office. Adopted).

The Special Deputy Clerk, Mr. Mills, does the court work. He receives Ninety Dollars ($90) per month. He is satisfied. We recommend no change.

Mr. H. C. Herron, one of the searchers, receives a salary of Ninety Dollars ($90) per month. In view of the other salaries in the office, we believe this is adequate.

Mr. M. A. Keyes, the present Index Clerk of the office receives Ninety Dollars ($90) a month. Mr. Keyes has been connected with the office for a long time. He has in the past done efficient work. He is getting along in years and the business of the office is increasing, and we believe that this important position in the office should be transferred to a younger man who can become familiar with this branch of the service and be prepared to carry it on. Under the circumstances, we recommend that Mr. Ed. H. Peterson be made Index Clerk and Second Deputy, and that Mr. Keyes, the present Index Clerk, be made a comparing clerk, and his salary fixed at $75 a month, and the salary of Mr. Peterson be increased from $83 33 to $90

a month. (Mr. Doty of Sheridan moved to amend by striking out the words "and Second Deputy" following "Index Clerk" on the fourth line from the bottom of the paragraph. The amendment was adopted).

Clark Goodrich, clerk of the office of the County Clerk, now receiving a salary of Sixty-five Dollars ($65) a month, has performed efficient and capable work. We believe the department of searchers of the county clerk's office should be kept to a high point of efficiency, and after consultation with the county clerk, we find that Mr. Goodrich is efficient in this line and recommend that his salary be increased to $70 per month.

Don Chase, Typist and Searcher, receives $75 a month.

Earl Scriven, Typist and Searcher, also receives $75 a month. These salaries we recommend remain the same.

The Mortgage Tax Clerk receives a salary of $83.33 per month. This is paid by the State. We recommend no change.

The Recorders receive $58.33 per month. At the present time in this department are; Lou H. Rublee, Seth Scriven, Isabelle M. Smith, F. M. Waite and Norma Miller. Our investigation convinces us that this department can be administered with less help and we recommend that the services of F. M. Waite and Lou H. Rublee be dispensed with. The County Clerk advises us that if at any time the work becomes so heavy that more recorders are needed temporarily, they can be readily procured in Mayville and laid off when their services are not required, thereby saving the county the annual salary of people whose services are not required all of the time.

Although the revenue derived from the receipts of the office shows a decrease, which may be accounted for in the main by the competition which exists in the searching business, many of the men who have occasion to order large numbers of abstracts are understood to be stockholders in the competing company and thus have an inducement to give their business to the company instead of the County Clerk's office as formerly. We find that County Clerk Luther S. Lakin, Jr. has always been diligent in the performance of his duties and in maintaining the business of the office and that the patrons are well cared for. No criticism should be attached to him in any manner for the changes which are called for in this report, as it is, in our opinion, a condition which should be remedied by co-operation between this Board and the Clerk, after due consultation in respect to the needs and efficiency of the office, and these positions abolished and unnecessary employees discharged so as nearly as possible to have the department of the County Clerk self-sustaining.

So we recommend that the office of Second Deputy Clerk be abolished and that two recorders be released. This arrangement to take effect January 1, 1917. (Mr. Stebbins of Hanover moved to amend by striking out the words "That the office of Second Deputy be abolished". The amendment was adopted).

There is another phase of the county clerk's office which might well deserve the attention of the Board. The office of the county clerk is and has been for years open to the public. This is proper. The County Clerk. however, is charged with the safe keeping of the records and documents in his office and with the system which has prevailed of permitting everyone and anyone the liberty of and access to the books and papers inside of the office, has afforded an opportunity for the mislaying or purloining of records and documents. Records have been lost and are missing from the county clerk's office. Who is responsible for this no one knows, but it is a condition which is liable to continue so long as the county clerk's office is not directly under his control. He being charged with the responsibility of their safe keeping should have complete authority over his office and the records therein. Any person who has business to transact with the county clerk or who desires to see any documents or records on file, should be required to make the fact known to the county clerk, disclosing to him what paper or record is desired and the same should be furnished by the county clerk, or his assistant to that person to be used in a place provided for that purpose under the supervision of the county clerk or his assistants, and when the person using the same is through with it, return it to the county clerk or his assistants in charge. We recommend that the county clerk be instructed to close off his office and prohibit the public therein and that if any person, firm or corporation desires to examine, inspect or copy any record or document in his office, that request be made known to the County Clerk or his assistant, the document furnished under the supervision of the clerk and kept under his custody and control.

With this system in vogue, we will be able to fix the responsibility if any documents are lost or destroyed. The Clerk will then have an accurate knowledge of what is transpiring in his office and the public interests and records of the county preserved and saved. Another committee might properly take up this matter and report at a subsequent meeting for action.

(Mr. Blystone moved to refer the matter of closing off the county clerk's office from the general public, and the care and charge of the documents therein, to a Committee of three to be appointed by the Chair, to report at a subsequent meeting of the Board. The amendment was adopted and the Chair appointed Messrs. Doty, Nuttall and Blystone. The report of the Special Committee on Salaries, as amended, was approved).

All of which is respectfully reported.

To the Board of Supervisors of Chautauqua County:

Gentlemen:—Your Committee on County House and Farm would respectfully report as follows:

We have met at the County House quarterly, as required by resolution of this Board, and have audited the accounts and vouchers of the Superintendent of the Poor, Charles E. Dodge. A full statement and report of these audits appear in his annual report. As stated in our last report, the new iron bridge, constructed on the County Farm, was completed, but owing to the lateness of concrete construction and fearing damage to the same by frost, the sum of $200 was withheld from the contract price, to be paid at such time as your committee was satisfied that no damage had resulted

from that cause. When spring came it was found that some damage to the concrete had been caused by freezing. This damaged work was removed by the contractors and replaced by new work, after which the $200 which had been witheld was turned over to the contractor.

The gas well which was under construction at the time of our last report, was completed early in the Spring; and while it did not prove to be as large a producer as desired, the quantity of gas found was deemed sufficient to justify piping to the house, which was done, where is maintained a pressure of about 25 pounds and is doing a large part of the cooking for the institution.

We have also, in accordance with a resolution passed by the Board, contracted for and had placed on the county farm buildings, rods for the protection of the same from lightning, which, aside from the protection afforded, are an ornament which adds to the appearance of the County Property.

We cannot close this report without a word of appreciation of the services rendered to the people of this county by the efficient Superintendent of the Poor, Charles E. Dodge. We feel that his business administration has been able and entirely satisfactory to the taxpayers of the county, that his conduct of the affairs of the county house and farm has been with an earnest desire to conserve the interests of the county while caring for the county wards in an ideal manner. We have found that everything about the County House has been kept in excellent condition throughout the year, that the farm has been kept at a high state of cultivation, the live stock constantly improved, and that the administration has been efficient as well as economical. In this connection it is only fair to state that Mrs. Dodge, the Matron, has been equally efficient and satisfactory in the valuable services she has rendered to the people of the county and their unfortunate wards at the County House.

All of which is respectfully submitted.
